## SAY HUNDRED GOOD PLANES WERE BURNED

Witnesses Testify to "Million-Dollar  
Fire" Which Was Ordered by  
Those Higher Up.

OCCURRED IN FRANCE IN MAY

Lieut. Lockwood, Connecticut, Says  
it Was Apparently Useless De-  
struction of Planes.

SERGEANT BAILEY TESTIFIES

Declares he Had Charge of Detail  
Which Applied Torch—No Pho-  
tographs Allowed.

(By United Press.)

New York, July 30.—A "million-dollar fire" in which more than one hundred airplanes in first class condition were destroyed in France, under order of American army officers, was the center of today's investigation by the congressional sub-committee on the conduct of the war.

The committee which yesterday delved into the alleged cruelty to American prisoners, abandoned that phase of the investigation, temporarily, to take up the reported destruction of army property and waste.

One witness, testifying regarding the "million-dollar fire," said it occurred in Colombey-Les-Villes last May. The machines were piled up and burned, it was testified.

Lieut. Lockwood, Connecticut, referred to the fire as apparently useless destruction of planes in good condition. He said orders for the destruction of the planes were written and came from officers higher up. He did not know their names.

Sergt. Fred Bailey, New Jersey, testified he was in charge of a detail of 75 men destroying the machines and that the work was still going on when he left France in May. He said all the planes were in good condition. He stated that guards were placed about the place to prevent photographs being taken. He said that all the men were serious about the destruction but did not know why it was ordered.

Congressman Bland, Indiana, was in charge of the investigation today and he was assisted by Congressman Johnson, South Dakota.

Bland also said the committee proposed to inquire into the alleged

## ASKED TO WATCH FOR 2 BOYS WHO ESCAPED

Chief of Police Gets Message About  
Youths Who Slipped Away  
From Plainfield

BELIEVED HEADED THIS WAY

Chief of Police Seward received a telephone message this afternoon from the superintendent of the state boys school at Plainfield, stating that two boys, John Gott and Henry Gurl, both about 16 years old, had escaped, and asked that the police here keep a watch-out for the two young men.

The superintendent stated that the boys were headed this way, and that the Gott boy had a grandmother living in Rushville by the name of Mrs. Sarah Alsmann. The woman mentioned was unknown to the police, nor is she known at the post-office, and it is probable that the name is either wrong or else the Mrs. Alsmann lives some place in the county. The Gott boy was sentenced from Wabash, and the Gurl boy from Terre Haute.

## FALLS OFF LOAD OF HAY

Lafe Johnson is Seriously Injured in  
Accident Near Gings

Lafe Johnson, a prominent farmer of near Gings, fell off a load of hay into the manger at his barn yesterday and was seriously injured. The exact nature of his injuries has not been determined, but the attending physician does not believe that any bones were broken. The injury was serious for Mr. Johnson because of his age and for the additional reason that he is a very large man.

## CHICAGO DEATH LIST TOTALS 26

Toll of Race Rioting Increased by  
Death of White Man Today  
and 2 Negroes Last Night

EXTRA POLICE AUTHORIZED

Eighty-Five Negroes and 17 White  
Men Are Under Arrest—Con-  
ditions Almost Normal

(By United Press.)

Chicago, July 30.—Chicago's aldermen today authorized the Chief of Police Garrity to increase his force by 1,000 men to cope with the situation of race rioting here.

This action was taken to provide release for officers on duty here for the past three days. It also will forestall action by militia men in the rioting districts.

Garrity had asked for forces to release his men.

Garrity, with Adjutant General Dickinson, after a tour of the black belt, reported conditions almost normal.

Conditions are still serious in the stock yards. Live stock exchange officers advise withholding shipments for the remainder of the week.

A list of 26 dead were recorded today when a white man succumbed to injuries received Monday.

Eighty-five negroes and seventeen white men are under arrest. Many will face murder charges. Several were picked up by officers who saw them in the act of killing.

Conditions in the loop district are better since the employment of several hundred civilians as special officers.

A few negroes stranded in the loop were sent home in closed vans.

Fourteen hundred additional militia men were ordered to Chicago early today to be ready to assist the 4,200 troops already under arms here in quelling race riots that have claimed 26 deaths in the last 36 hours.

Adjutant General Dickson asserted that he believed the occasion will not demand use of the troops in fighting.

Two men were killed during the night. One of them a negro boy, was attacked while riding a bicycle. He was stabbed, shot more than twelve times and died after the police rescued him from a burning stake. Paraffin had been poured on his clothes. The other death was that of a negro man who, it was said, shot and wounded a patrolman.

Most of the major clashes were confined to the black belt. Sixteen policemen were shot and some of them seriously wounded while performing their duty in the negro district.

Ten whites and fifteen negroes were officially reported by the police to have been killed.

To start the third day of warfare patrolman Walter Sullivan was probably fatally shot by a negro whom he was searching in a vacant lot. As Sullivan fell, his partner, John Keal, shot the negro dead. During the night fifteen other po-

## RAIL VALUATIONS ALMOST TRIPLED

Appraisements of Steam Roads and  
Interurban Line in County  
Amount to \$3,385,486

FIGURES OF THE STATE BOARD

Brings Approximate Total to \$58-  
142,611 Exclusive of Phone  
and Telegraph Lines

The railroads and one interurban line in Rush county were valued at \$3,385,486 for taxation purposes by the state board of tax commissioners, according to a report on assessments received at the county auditor's office. The same report included the assessments of the telephone and telegraph and express companies, but they were on a mileage basis and the totals for the county have not been computed by the county assessing officials.

The railroad and interurban assessments are almost tripled, compared with last year, and will bring the approximate total of the taxables in the county to \$58,142,611, which is eight million dollars more than double last year's assessments on which taxes are being paid this year.

The telephone, telegraph and express companies' appraisements will also boost this total considerably and will run the amount close to \$60,000,000, it is now estimated.

The express companies were assessed last year at \$15,350, the telephone and telegraph lines at \$126,600 and the steam and electric roads at \$1,106,340.

This year 77.66 miles of the main line railroad tracks in the county was assessed at \$2,357,450, the 10.83 miles of siding at \$69,140, the

## MEETS 4 REPUBLICANS AT THE WHITE HOUSE

President Confers With Lenroot, Dillingham, Harding and Fernald  
on Treaty and League.

CUMMINGS WILL SEE WILSON

(By United Press.)

Washington, July 30.—President Wilson today called four republican senators to the White House, Lenroot of Wisconsin, Dillingham of Vermont, Harding of Ohio, and Fernald of Maine.

Tomorrow the president will see Senator New of Indiana, the first republican member of the foreign relations committee to confer with him.

It was expected Homer Cummings, chairman of the democratic national committee would call at the White House to report on his trip to the west.

Senator Dillingham said he discussed frankly with the president a variety of questions regarding the league of nations and peace treaty and learned reasons for the Shantung settlement.

Dillingham said he is in favor of the league with reservations.

PERRY HERITAGE DEAD

Alexandria, Ind., July 30.—Perry Heritage, age seventy-four, president of the People's Bank and Trust Company, died here late yesterday after a long illness. During the gas boom days of Alexandria, Mr. Heritage made a fortune.

CAPT. C. E. WOLFE IS BACK

Captain Charles E. Wolfe has returned from overseas, after a long period of service, according to word received by relatives here, where Capt. Wolfe formerly lived. He was employed in the government service before entering the service.

## SUES HER HUSBAND WHO IS IN PRISON

Mrs. Nina A. Miller Files Action in  
Circuit Court For Divorce From  
Silverton Miller

ASKS \$10 A WEEK SUPPORT

Declares Her Husband is Not a Fit  
Person To Have Custody of  
Their Three Children

Mrs. Nina A. Miller, through her attorney, John A. Tittsworth, has filed a suit for divorce, against her husband Silverton Miller, alleging cruel and inhuman treatment.

Mrs. Miller in her complaint states that they were married on January 26, 1911, and separated on November 4, last year. That during their married life, three children were born, and she asks the custody of the children, and \$10 a week as support money.

She alleges that Mr. Miller was cruel and guilty of inhuman treatment in that he drank to excess and was cross, ugly and swore at her frequently striking her. She furthermore says in the complaint that he gambled, and failed in the support of his family.

According to the complaint Miller is serving a sentence in the state prison, having been sent from Shelby county only a few weeks ago on a larceny charge in connection with the theft of some corn, and he is not a fit person to have the custody of the children.

Mrs. Miller and her children reside at 801 North Sexton street. Her husband is better known as Sylvia Miller, who was recently sentenced with Chester Taylor to serve from one to fourteen years in Jeffersonville.

## APPEAL FOR SOLDIERS TO HELP WITH TRAFFIC

Numerous Accidents Take Place in  
Chicago Due to Tie-up of  
Transportation System.

RADICALS BLAMED FOR STRIKE

(By United Press.)

Chicago, July 30.—Appeals for 200 citizen soldiers in uniform to help handle traffic was issued today by the city public safety department.

Traffic was at a standstill today and numerous accidents have already occurred. Every kind of conveyance was used for carrying to the business districts the 250,000 workers, stenographers and clerks. Trucks, cabs and other vehicles were used.

Cooler heads among officials of the 15,000 striking street car and elevated railroad employees today sought to take a referendum vote to determine whether the city transportation system shall continue to be paralyzed.

L. Bland, international treasurer of the Carmen's Union, asserted hasty action in calling the strike early yesterday, without an hour's notice to the public, was caused by 300 radicals among the union men.

ERZBERGER IS DENOUNCED

Berlin, July 30.—Dr. Karl Heiferich, former vice-chancellor, announced today that, having failed to induce Mathias Erzberger to sue him, he would enter suit against Erzberger "to prove him a liar and traitor and to bring the truth to light."

DEMING NOT GUILTY

Terre Haute, Ind., July 30.—Demas Deming, millionaire bank president, was found not guilty by City Judge Shaffer today, of violating the state prohibition law.

## SEEKING SPECIAL SESSION

Suffragettes Wonder if They'll Win  
After Goodrich's Decision.

Indianapolis, Ind., July 30.—Suffragettes of Indiana were wondering today whether they will be successful in their efforts to convene the legislature in special session to ratify the suffrage amendment to the federal constitution.

Some expressed doubt in view of the statement of Gov. Goodrich that a session now is not necessary for the appropriation of money for state institutions.

## HEAT WAVE BROKEN A SHORT TIME ONLY

Sun Comes Back in Full Force To-  
day and Sends Temperature Back  
to Old Mark.

DRENCHING RAIN IS WANTED

Farmers Say That all Crops, Especially  
the Corn, are Sadly in Need  
of Moisture.

The heat wave of the last few days was broken last night by a drop in the temperature and last night was very cool considering to what it has been in the nights past. The sun, however, came out again this morning in full force, and promises some very hot weather again today.

The farmers are anxiously watching for a good rain, as the ground is badly in need of a drenching, and crops are suffering because of the continued dry spell. The ground in many corn fields is cracking, and the outcome of the crop depends largely upon a good rain.

Many tomato plants are dying from "blossom end drop", a disease caused directly to the hot dry weather. A kindred disease in which the blossoms shrivel up, also is due to the torrid wave. Gardeners should use care in sprinkling their plots, and the best plan is to pour water at the base of the plants, and then cover the moist earth with dust. This dry dirt will hold the moisture around the roots of the plant and would be much more beneficial than sprinkling the entire garden.

The temperature yesterday registered in many places as high as 98 in the shade, and no doubt would run that high again. The weather man predicted probable showers for tonight in the north portion of the state, and it might be that Rush county will get a few drops, which would help just that much. Continued warm weather was also predicted for tomorrow.

Motorists will be very much pleased when a good rain comes, as the country roads are in such a terrible condition with dust several inches thick, that a trip into the country proves everything but enjoyable.

EXPECT SALE OF FOOD

Washington, July 30.—Early action by the war department in devising a plan for direct sale of surplus army food stocks, valued at \$120,000,000 to consumers was expected by republican leaders today as a result of the adoption by the house yesterday of a resolution requesting that the stocks be made available through a selling organization.

FLOCK TO MILWAUKEE

Milwaukee, Wis., July 30.—The colored population of this city is being increased by several hundred today. Every train during the last two days has brought into this city colored people fleeing from the perils of rioting in Chicago.

## HOOSIERS TO CALL ON THE PRESIDENT

Senators James E. Watson of This  
City and Harry New Invited  
to Conference.

WILLING TO DISCUSS TREATY

Senator Watson Especially Interest-  
ed in Shantung Question and  
Will Speak on It.

Senator James E. Watson of this city and Senator Harry S. New of Indianapolis, the other Indiana senator, will confer with President Wilson at the White House, Thursday, regarding the peace treaty and the league of nations, a Washington dispatch announced today.

Soon after his return from France, President Wilson began a series of conferences with republican senators, but recently were discontinued, only to be resumed a few days ago. Both Indiana senators gladly accepted the invitation to talk with the president.

This will be the first meeting of the Indiana senators with the president, the Washington dispatch continues. The president's acquaintance with republican senators is very limited and indeed many of the democratic senators scarcely know him. However, the president has shown an inclination to get better acquainted with the senators, democrats and republicans alike.

"I shall not go with any hostile feelings. I gladly accept the president's invitation and shall give him a respectful hearing. I shall be glad to hear what he has to say about some features of the league covenant," said Senator New.

Senator Watson also expressed his entire willingness to talk over the league question with the president. He will be especially glad to get the President's view on the Shantung question, which is much to the front just now in the senate debates. Senator Watson has been giving much thought to the Shantung matter and a speech he has prepared for delivery, within a few days, will deal largely with that question.

Several educated Chinese have called on Senator Watson to discuss the Shantung matter. They are violently opposed to the treaty provision which gives Japan rights in Shantung.

## RUNOVER BY HAND CAR GLENWOOD YOUTH DIES

Frank Mattingley, 18-Year-Old Section  
Hand, Receives Badly Mashed  
Foot Which Proves Fatal

HAPPENED EAST OF GLENWOOD

Frank Mattingley, son of the late John Mattingley of Glenwood, died yesterday morning at his home in that place, death resulting from injuries which he received while working on the section of the C. I. & W. railroad a few days before. He had been in a serious condition for the past few days and complications arose after one of his feet had been mashed, being run over by a hand car, while working with the section gang, east of Glenwood.

Young Mattingley was only 18 years of age, and was the sole support of his aged mother. He was well liked and very highly thought of in his neighborhood, and had made his home in Glenwood for a number of years. He is survived by his mother, two sisters, Mrs. D. Pettis of this county and Mrs. Glen Blevins of Fayette county. Funeral services will be held tomorrow afternoon at his late residence in Glenwood and burial will be made in the cemetery at that place.

## BUYS AMERICAN OIL HOLDINGS IN MEXICO

Japan is Taking Over Interests of U. S. Men Who are Not Sufficiently Protected.

### PHELAN ASKS INTERVENTION.

(By United Press.)  
Washington, July 30—Japan is buying up all the oil interests of America in Mexico who want to lease their holdings because they

feel they are insufficiently protected, Senator Phelan, California, declared in an interview today.

Phelan made this assertion in urging this government to take a strong hand to safeguard American rights south of the Rio Grande.

"In view of the critical oil situation and establishment of a policy by Great Britain to absorb the oil of the world both in the United States and out, if possible our government, as a means of natural protection, should take a stand in Mexico and see American interests are protected in the most emphatic and conclusive way", Phelan declared.

### CHICAGO DEATH

LIST-TOTALS 26

Continued from Page One  
licemen were hit by bullets and one or two may die.

Owing to the street car strike the wild element in the population could not so easily get together last night, and no large mobs invaded the "black belt." It was mostly guerilla warfare, but exceedingly bitter. In some cases men would lie hidden above a boulevard and fire on passing cars occupied by members of the opposite race. In others a few whites would assault a building occupied by negroes in the midst of a white neighborhood, dragging forth a victim to a brutal beating. Men slashed each other's throats, shot their fellows from ambush or ran down isolated men and beat them into insensibility and burned and looted houses.

Police drove a mob of several hundred persons from the Sherman hotel, in the heart of the loop district, where it was believed negroes was employed. The hotel, it was discovered, was using white help.

About midnight the torch and the knife joined the gun in adding terror to the black district. Dozens of fires of incendiary origin occurred in districts populated by negroes. Bullets and bricks met police and firemen in several attempts to answer fire alarms. Police reports showed the torch was applied to eleven houses in the west end of the "black belt." In each instance firemen and policemen had prevented any serious injury to individuals or property.

Snipers were at work through the district where most of the rigging occurred. After the shooting of Policeman Ralph Cheney and Jeremiah Murray by snipers, police raided a house occupied by John Dixon, negro. Dixon was arrested after five rifles and considerable ammunition were found in his rooms.

### HENRY IS APPRAISED HIGH

Assessed Valuations Expected to Reach Nearly \$75,000,000

Newcastle, Ind., July 30—A total of \$13,019,921 was added to the total assessed valuations in Henry county when the assessments of railroads, interurbans, telephone companies, express companies and banks, as made by the state board of tax commissioners, was received by county Auditor McFarland. This in addition to the taxables, brings the total for the county to over \$68,000,000 and with the corporation assessments to be added to this huge sum, the grand total for the county is expected to reach close to \$75,000,000.

The railroads were hit exceedingly hard by the state tax board, receiving the highest assessment ever in the history of the county. The assessment of the railroads totals \$9,634,155 for right of way and rolling stock and \$54,363 for personal property. The telephone companies and express companies were given a total assessment of \$677,818 by the state board.

### FIRST DAY'S CROWD SMALL

President of Evansville College Speaks at E. L. Institute

Bethany Park, Ind., July 30.—Contrary to expectations, there were only 150 members of the Epworth League here yesterday for the opening session of one of the organization's annual institutes in Indiana. However, the attendance was increased by about seventy-five arrivals from the Indianapolis district, and Vincennes, Bloomington, Connersville, New Albany and Evansville later in the day, making 225 members present for the Wednesday classes. The Rev. A. F. Hughes, D. D., president of Evansville college, delivered the Tuesday evening address. His theme was the insurmountability of the gospel, his subject, "Broken Bottles."

### FAVOR ANTI-DAYLIGHT BILL

Washington, July 30.—The separate bill proposing repeal of the daylight saving law, already passed by the house, was reported favorably to the senate Tuesday by Chairman Cummins of the interstate commerce committee, who announced that he would call it up today.

## Announcing

Our first showing of early arrivals of Fall Suits and Coats

We have received an interesting shipment of Suits and Coats that follow the natural curves of the figure. These garments are distinctly individual expressions of the New Fall modes, embodying style and value that will appeal.

Quality, style and beauty of design find perfect expression in these numbers. Sport suits are fairly bewitching and the coats are shown in many colors. They are made up in

### FARM OF 90 ACRES

SELLS FOR \$27,000

Pete Hollowell Place Near Mays Sets Record For County, Averaging \$300 an Acre

SMALL FARM BROUGHT \$300

What is considered as one of the best farm sales to be made in Rush county for a long time is that of Pete Hollowell to George Lawson, which was closed only recently, amounting to \$27,000 for the 90-acre farm. This makes land sell for \$300 an acre, which is the largest farm to be sold in Rush county at that price. The next largest was the Robert Whaley farm south of Rushville, which consisted of about one-half the size of the Hollowell farm, and it was sold for \$300 an acre.

The Hollowell farm is located in the northern part of the county, near Mays, and Mr. Hollowell will give possession, the first of March, next year. Mr. and Mrs. Hollowell have made no definite plans for the future, but it is rumored that they intend to move to Rushville, after leaving the farm. Mr. Lawson, the new owner, is now a farmer in that vicinity.

—Mrs. Will Havens was a visitor today in Indianapolis.

—W. A. Norris has gone to Martinsville, where he will remain for a few days.

—Miss Nelle Muire was among the passengers this morning to Indianapolis.

—Charles W. Gregg of Pittsburg, Pa., is visiting his brother, James C. Gregg, and his sister, Mrs. William Bainbridge, this week.

—Miss Florence Shaffer has returned to her home here after a

three weeks visit with relatives in Middletown, Ohio.

—Mrs. Lottie Cox and Mrs. Harry Osborn were among the passengers this morning to Indianapolis, where they spent the day.

—Mrs. Hugh Mauzy has gone for a visit with relatives in Richmond, while Mr. Mauzy is attending to business interests in New York City.

—The Misses Helen Eldridge and Ruth Kortepeter of Indianapolis are the guests of Miss Helen Norris, at her home southeast of Rushville.

—M. and Mrs. George Helm, Walter Peters and Miss Jean Richards have returned home from a motor trip to Cleveland, Ohio, having made the trip in the Helm touring car.

—Charles L. Henry, president of the Indianapolis & Cincinnati Traction company, of Indianapolis, was here today transacting business.

—Jess Vanatta of Indianapolis, formerly of this city, is visiting friends and relatives here a few days.

—Mrs. Martha Ryburn and C. H. Alger went to Indianapolis today and were the guests of Mr. and Mrs. J. M. Scott.

—Mrs. Alice Bennett who has been visiting relatives here for the past few weeks, will return to her home in Chicago the last of this week.

—Mr. and Mrs. Richard Sipe, who have been visiting Mr. and Mrs. Edward Frazee of Orange for the past few days, returned to their home in Indianapolis last evening.

—Mr. and Mrs. Ed Frazee, Mr. and Mrs. E. R. Casady and Mrs. Guy Mulbarger have returned home from an extended motor trip through the east. They made the trip in the Casady touring car.

—Miss Marjorie Tittsworth has returned to her home south of the city after spending the week-end in Bloomington, Ind., the guests of Miss Mary McKee, who is attending Indiana university.

—Francis Roth, who has been the guest of Ebert Myers for several days, has returned to his home in Indianapolis.

—Mrs. Louis Neutzenhelzer and grand daughter, Margaret Doyle, returned yesterday evening from a visit with relatives at Anderson.

—The Rev. Clyde S. Black of St. Paul's M. E. church has been attending the Epworth League convention at Bethany Park this week.

—Mr. and Mrs. Robert Powell and Mr. and Mrs. J. C. Howes and children and Mrs. Boon Gilson were the guests of friends in Anderson Sunday.

—Miss Louise Cortelyou and the Misses Frances and Alleine Baynard of Connersville, have returned to their home after spending a week in this city, the guests of Mrs. Robert Powell.

—Mr. and Mrs. Lote Carter and daughter Virginia have returned from a motor trip to Cleveland, O., Buffalo, N. Y., and Niagara Falls. They were accompanied home by Miss Loretta Coyne, of Cleveland, Ohio.

—C. Earnest Parke and mother, Mrs. Parke, who have been living at 5th and Morgan streets, left yesterday for their new home in Columbus, Nebraska, where Mr. Parke has accepted a position in the city schools. They are making the trip in their automobile, and intend to stop for a few days in Ft. Wayne and Chicago.

### HOOSIERS TO CALL ON THE PRESIDENT

Continued from Page One

tung. Among the senator's callers have been T. H. Hsu and K. King, who were special delegates from the Shantung province to the Paris peace conference. The latter also is the vice-president of the Shantung Provincial Assembly. Their English, however, was so broken that the senator was unable to understand much they said and the interview was not very satisfactory.

However, Ching Ye Tang, a Chinese student attending Columbia University, who called Tuesday, speaks

English perfectly and he presented the Shantung question from the standpoint of the student. He came as a representative of the Chinese Students' Alliance in the United States. His father is the president of a college in China.

### HEARS OF RELATIVE'S DEATH

Word was received this morning by Mrs. Laura Lewis of the death of Mrs. John McIlree of Washington, D. C. last night. The deceased was forty-nine years of age and was formerly Miss Imogene Lewis, sister of the late Dr. Lewis. Besides her husband she leaves a thirteen-year-old daughter.

### SAY HUNDRED GOOD PLANES WERE BURNED

Continued from Page One

enormous expenditures through destruction of trees in various parts of France. He said inquiry was being made into the British government charging \$50 a piece for transportation of American soldiers overseas.

The congressional subcommittee investigating the disciplinary system of the American expeditionary force transferred its hearing to an up-town hotel from Governor's island, where yesterday the committee listened to tales of cruelty to American soldiers while confined in prison camps in France.

Representative Royal C. Johnson of South Dakota, announced that the witnesses for the hearing today had been subpoenaed more than a week ago and intimated that the nature of the testimony would be even more sensational than the stories told by Lieutenant (Hard Boiled) Smith and Sergeant Clarence E. Ball, who are serving sentences at the "castle" on Governor's island on conviction by court-martial of cruelty to prisoners under their charge at farm No. 2.

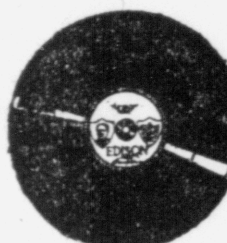

In addition to Smith and Ball the subcommittee also heard Joseph C. Ryszelewski and Colonel T. Q. Donaldson. Not only did they name Col. E. P. Grinstead of the 158th infantry, and Major-General Frederick S. Strong as being the officers responsible for conditions at farm No. 2, but they also told of generally brutal treatment accorded to prisoners in many other prisons in various parts of France.

Scores of instances of brutal treatment of American soldiers in the prison camps in France, described in some cases as amounting to a system of torture, responsibility for which was placed by the witnesses on high army officers, were related yesterday before the congressional subcommittee which is investigating the disciplinary systems of the A. E. F.

The committee, consisting of Representative Royal C. Johnson of South Dakota, and Representative Oscar E. Bland of Indiana, met in the disciplinary barracks on Governor's island. The third member of the subcommittee, Representative Henry Flood, of Virginia, was not present.

The men "higher up" who were directly accused by witnesses with responsibility for the prison conditions included Brigadier-General W. W. Harts, former commander of the American troops in the Paris district; Major-General Frederick Smith Strong, of the 40th division; Colonel Edgar Grinstead, commander of the 158th infantry and Colonel J. S. Maul of the field artillery.

Canned goods are going higher, canners tell us, without giving reasons, and it will pay every housewife to can or preserve every bit of fruit or vegetables it is possible to obtain.

## The Cost of Building.

There has not been the usual amount of building during the present summer for a reason with which everyone is familiar. Building material, in common with practically every other commodity, has soared in price until it is regarded as next to prohibitive, but even higher prices are in store, according to the best information obtainable, indicating that the person who builds now is wise.

The advance in the price of real estate, which has taken place in the last sixty days, is only a forerunner of further increases, in the opinion of many real estate men conversant with local conditions. It is estimated that more city property has changed hands here in the last six months than has been sold in almost as many years. The fact that houses can be bought much cheaper than they can be built is responsible for the increased real estate business, but many property owners are just now realizing the value of their property and bargains of the sort which have been obtained in Rushville in the last few weeks, are going to be scarce in the future.

Touche on the cost of building material, an editorial in a recent issue of the Saturday Evening Post discloses the trend as follows:

Individuals and industries in this

## Sap and Salt

By BERT MOSES

A milliner tells me that fast women are often the slowest pay.

One way to meet the rising costs of food is to lower your appetite.

The men who get the biggest salaries are those who require the least housing.

To be born with a famous name is nothing; to make a name for yourself is all that counts.

Hez Heck says: "One good thing about marriage is that it puts an end to a lot of practicing on the piano."

The ticket agent who slams down the window in your face will never be remembered when a better job is open.

The biggest expense in any store is a sassy clerk, unless it be a clerk whose breath is suggestive of a sewer.

Country are waiting for an intangible something to happen before they proceed with building operations. According to the Dow Service the nation is forty-six per cent under-built. This same authority believes that "the prices of materials will rule at present levels for the remainder of the year, with total construction from forty to sixty percent of normal."

By next spring construction work will have a representation of between fifty and seventy per cent of normal, slacking off as the presidential election approaches. By 1922 the condition of construction in this country will have forced a stampede of prices and building work that will be wholly unprecedented.

Of the 6,000,000 laborers in America who could return to their native shores, more than 1,500,000 have gone or are getting ready to go. They are now embarking from New York at the rate of one thousand a week.

Skilled laborers who assemble the materials into a building are amply available, but factory workers to carry on the manufacture of sup-

plies are scarce. Yards in New York, for instance, have less than one-third normal supply of lumber on hand. Of more than one hundred brick plants in a famous Eastern district less than seventy will be able to operate at all this year, and of those that do work the output will be not more than fifty per cent of normal. The production of glass and cement in 1919 likewise promises to be on a half-time basis, while most of the country's fabricating steel mills now have less than twenty per cent of their mills capacity contracted for.

All of this forecasts an unparalleled situation in the building markets next year. The natural conclusion is that construction work can be done cheaper to-day than in 1920, or for years to come. The builder can now at least get deliveries, and that will be far from possible when the coming transportation shortage due to lack of rolling stock and motive power becomes a serious reality.

No, the Ohio landlord who voluntarily reduced the rent of his tenants is not a candidate for public office or matrimony. He is just living in the wrong age—an age in which the Golden Rule has been kicked into the discard and forgotten, while greed and avarice have taken its place.

An exchange heads its funny column "Hit or Miss." It is usually a miss.

"Germany has ratified and the world is gratified."—Exchange. And no one is satisfied.

## Watson on Wilson's Message

"The President's message was scholarly and abounded in beautiful phrases, addressed to the heart rather than to the judgment of his fellow citizens and evidently intended for the public rather than the Senate. He did not only seek to illuminate a single one of the disputed points of the covenant and presumably that was the object of his message to the Senate."

"The sentimental reasons for the ratification of the treaty he will doubtless state many times over on his contemplated tour of the country, but we had reason to believe that he would discuss in today's message some of the controverted points."

"He wants to adopt a new order of internationalism at whatever cost to our independence and says so in express terms. Therefore, he is for this treaty, knowing that it does precisely what he says must be done, namely establish internationalism at the expense of our independent nationalism. He states it in explicit fashion, and thereby issues a direct challenge to all who believe in independent Americanism."

## Our Daily Laugh

New and Bright Yarns That  
Will Tickle You and Will  
be Relished by Your Friends  
When You Repeat Them.

"Mickey" Hoskins, a stormy petrel youth, was in for a reprimand from his Sunday school teacher. He was a mischievous brat.

"Harold," said she, "You must be good. When you are bad the Lord can see. He sees you everywhere."

"Can He see me when I'm bad in the cellar?"

"Yes."

"Can He see me when I'm bad in the settin' room?"

"Yes, Harold."

Harold then demanded to know if his over acts in garret, bed room, bath room and kitchen were likewise under inspection.

"Harold He sees you wherever you are," said the teacher.

"In our back yard?"

"Yes."

"Can He see me in our front yard?"

"Yes, in your front yard."

"That's a lie! We ain't got any front yard."

A prize of one dollar will be awarded for all funny stories which are accepted for this column. They should be brief and to the point.

"I do not believe in internationalism at the expense of our nationalism and therefore I object to certain features of this treaty because they do destroy to a certain degree our national independence and do transfer a portion of our essential sovereignty to a superstate. He acknowledges that this is the case, but says that he wants it notwithstanding. I am not ready to go that far, and therefore so far as I am concerned, I accept the challenge and shall vote against the treaty as now formulated."

"If we are able to make reservations along the lines suggested by Senator Root, I shall be quite content to vote for the league covenant but, unless some national explanation is made of the monstrous proposition with reference to Shantung and some absolute necessity shown for its incorporation in the treaty, or unless some provision is made for its essential modification I cannot find it in my conscience to vote for the ratification of the treaty even though the league covenant be amended as above suggested."

"I am for a society or League of Nations, or for some kind of an international association that will have a strong tendency to prevent war and preserve peace, and I will go just as far in that direction as I think possible without undermining American independence. Further than that, I shall not go and believing that the league covenant as at present formulated is open to the fundamental objection. I shall not vote for it without adequate reservations."—Senator Watson in the Indianapolis Star.

VOTES CONFIDENCE  
IN EBERT GOVERNMENT

By Large Majority German National Assembly Puts Faith in Men Now in Power.

## DEFEATS CENSOR MOTION.

(By United Press.)

Weimar, July 30—Confidence in the Ebert government was voted by a large majority in the German national assembly today.

By a vote of 243 to 53 the assembly defeated a motion to censor the government, presented by the party of the right.

The bill creating a state tribunal to try persons responsible for the war has reached the special committee which will consider it, it was announced officially today. The tribunal as provided in the bill will consist of prominent German jurists and historians.

FEDERAL BOARD PUTS  
PEP IN DISABLED MEN

Private B. is Not Worrying About His Troubles but is Making Them "Non Est"

## DISCOURAGED ARE AIDED

Washington, July 30—It takes a great deal to stump the Federal Board for Vocational Education when it comes to finding something a disabled soldier, sailor, or marine can do.

"A perforated ear drum, valvular heart disease and mitral insufficiency" sound like the last words of the family doctor. A private in the infantry heard this diagnosis with a sinking feeling. He was a machinist, but that trade had to go now, and he wondered how he would ever live on the salary of a watchman. That was the only kind of employment he could get. The Federal Board found him with the will to carry on, but no way, and they provided the way.

It seems that he had a gift for drawing, and he was given a trial course in commercial design in a School of Industrial Arts. The trial course has developed into a regular term, he is doing so well.

A compilation of troubles is not worth worrying about, if you can make them "Non Est" as Private B. is doing.

WANT ADS BRING RESULTS

## SENATORIAL HUMOR

Washington, July 30—Occasional flashes of humor lighten the seriousness of the senate league of nations battle. Here are three stories the league debate is responsible for.

Senator Williams, Miss., was explaining that though the league covenant was not all the United States desired, it was all we could expect under the circumstances.

"Which reminds me of my little girls," he said. "One had straight hair, while the other had curly hair. The straight-haired one was envious of her sister's ringlets, and often used to grumble because her own tresses refused to curl."

One day the curly haired one was grumbling about some fancied hardship, and her sister rebuked her thus:

"Well, you know you can't have every thing AND curly hair."

And Senator Knox, shaking his head over glowing predictions of the way the United States is to lift weak nations from their lowly condition, said:

"That makes me think of the drunkard who was lying in the gutter, unable to rise. Nobody paid any attention to him until another, not quite so drunken, came along, and asked what was the matter."

"I can't get up," said the recumbent one.

"I'll pick you up," volunteered the other, and suiting the action to the word, he tugged and pulled, but succeeded only in toppling himself over.

"Tell you, friend," he said finally, "I can't get you up, but here's what I will do—I'll lie down with you."

Senator Swanson was discussing what will happen to those senators who oppose the league.

"They'll fare like the plowboy," said Swanson. "He was plowing his field when an inquisitive passerby asked him how much wages he received."

"Wages?" said the boy. "I don't get no wages. I get nothin' if I do, and hell if I don't."

## Save Eggs for Next Winter

UNCLE SAM, in the Department of Agriculture Farmers' Bulletin No. 128 and "Back Yard Poultry Leaflet," highly recommends using WATER GLASS EGG PRESERVER.

Water Glass (solution of sodium silicate) is easy to use and will keep eggs from six to ten months and, in some cases, even a year. Simply add water that has been boiled and cooled, 9 parts to Water Glass 1 part. Mix well and pour this solution in a stone jar having the capacity twice the volume of the prepared solution and place in clean fresh eggs, as obtained, being careful not to crack them. Do not wash eggs—it injures them. The solution should stand two inches above the top layer of eggs. Keep covered to prevent evaporation, and store in a cool place. Should any of the solution be lost through evaporation, it may be replaced by the addition of water that has been boiled and cooled.

## NOTES

Infertile eggs keep best.  
Be sure to use a good heavy grade of Water Glass. It should weigh 1 1/2 pounds to the gallon.

One pint of Water Glass will preserve about 8 dozen eggs.  
Before boiling preserved eggs, prick a tiny hole in the large end of the shell with a needle to keep them from cracking.

A fresh egg, when placed in plain water, will sink to the bottom and lie horizontal.

A doubtful egg will stand on end or float.

A bad egg floats.

You can save fresh eggs for winter use for 3 cents a dozen.

Water Glass — 25 Cents per Pint

"Your Money's Worth or Your Money Back"

## REVIVAL MEETINGS ARE WELL ATTENDED

Evangelist Makes Earnest Appeal  
Tuesday Night For Everyone to  
Get Free of Sin.

### TWO "PRISONERS" CAPTURED.

The interdenominational evangelistic campaign meetings being held at the Salvation Army is being well attended. A good crowd turned out to witness the second drive by the forces of Christ against the enemies

of the Cross, an announcement from Captain Tench says today. It continues:

"There was a real shout in the camp and every soldier of the cross felt sure of victory.

"The evangelist used for his text, 'Let Us Lay Aside the Every Weight and the Sin Which doth so Easily Beset us'.

"He made an earnest appeal for every one to get free from the bondage of sin. At the close of the drive two prisoners were captured. The enemies had a number in wounded.

"Meeting tonight at 7:30 o'clock in the Glory room, and at 8 p. m. in the big room. All are welcome."

## HOSTILITIES BEGIN AT 8:30 O'CLOCK TONIGHT

Summer Festival, Offspring of Old  
Carnival, Will be Given by Men  
of St. Mary's Church

### OLD FEATURES ARE REVIVED

For many years the carnival conducted by the men of St. Mary's congregation has been the high spot in summer festivities in Rushville, but due to the war, it was discontinued last year. In its place this year, there will be a summer festival, tonight and tomorrow night, which will include most of the enjoyable features of the carnival.

The Odd Fellows band will give a complete program each night, the repertoire extending from the classical to the jazziest of the jazz. Cool, refreshing drinks will be set forth by the "white apron brigade," in charge of Owen McKee, Jr. The young ladies of the Sodality will dispense ice cream and cake, with cones for those who want 'em. At the "Ham tree" the succulent California ham can be obtained for an insignificant expenditure of currency. At the ladies' exchange, delicious catables will be put out at a price that will remind you of the days before the H. C. of L. came into fashion. The fancy booth will contain many articles of plain and fancy needlework.

Tom Ansherry will be on the job at the "Baby Rack," where, "If you knock down one you get one cigar, two you get two, etc." For the inner man there will be a lunch stand managed by the McCoy sisters, with Jim Mullins doing the heavy work. Festivities commence at 8:30 o'clock.

### RAIL VALUATIONS ALMOST TRIPLED

Continued from Page One  
77.41 miles of rolling stock at \$515,890 and improvements at \$16,080, making a total of \$2,958,560, which, together with the \$426,926 assessment against the I. & C., makes the rail and interurban total \$3,385,486 as compared to \$1,406,340 last year. The Indianapolis & Cincinnati Traction company will pay taxes on property valued at \$426,926 next year. The first main track amounting to 18.73 miles, assessed at \$15,000 a mile, is valued at \$280,950. The second main track is valued at \$18,200, 1.82 miles being assessed at \$10,000 a mile. The 1.26 miles of siding are assessed at \$4,000 a mile, making the valuation \$5,040. Rolling stock is valued at \$22,476, being assessed at the rate of \$1,200 a mile for 18.73 miles. Improvements along the right-of-way are valued at \$100,260.

The improvements are assessed as follows: Glenwood station \$150, hand-car house \$75 and shelter house \$30; three shelter houses in Union township, \$90; Arlington station \$1500 and handcar house \$75; four shelter houses in Posey township, \$120; in Rushville township, four shelter houses \$120, two handcar houses \$150 and coal storage at Helm's stop \$300; Rushville

city, power house \$60,000, car barns \$30,000, freight house \$3,000, oil house \$150 and general office building, \$4,500.

The American Railway Express company is valued at \$120 a mile for the 95.81 miles in the county and the Pullman company at \$650 a mile for 18.78 miles. The valuation on the Postal Telegraph Cable company is \$100 a mile for 217 miles. The Western Union Telegraph company is assessed at \$140 a mile for 316 miles.

Valuations of telephone companies follow: Central Union, \$140 a mile for 340.34 miles; Arlington Telephone company, \$50 a mile for 368 miles of line; Beech Valley Rural Telephone company, 450 miles at \$140 a mile; Decatur County Independent Telephone company, 250 miles at \$80 a mile; Falmouth Mutual Telephone company, 64 miles at \$75 a mile; Independent Telephone company, 96 miles at \$60 a mile; Knight-town telephone company, 55 miles at \$50 a mile; New Salem Telephone company, 96 miles at \$55 a mile; Orange Mutual Telephone company, 110 miles at \$75 a mile; Pleasant View Telephone company, 4.5 miles at \$150 a mile; Ripley Farmers Co-operative telephone company, 374 miles at \$85 a mile; Rushville Co-operative Telephone company, 480.5 miles at \$240 a mile; Spiceland Co-operative Telephone company, 104 miles at \$100 a mile; Waldron Telephone Exchange, 41 miles at \$70 a mile; Jewett Telephone System, 40 miles at \$15 a mile.

The C. I. & W. railroad holdings in the county are assessed at \$868,090, divided as follows: first main track, 18.41 miles at \$40,000 a mile, \$736,400; side track, 2.75 miles at \$6,000 a mile, \$16,500; rolling stock 18.41 miles at \$6,000 a mile, \$110,450; improvements, including stations, \$4,730.

The C. C. & St. L. property is valued at \$543,340 as follows: first main track, 14.30 miles at \$30,000 a mile, \$429,000; siding, 3.44 miles at \$7,000 a mile, \$24,080; rolling stock, 14.30 miles at \$6,000 a mile, \$85,800; improvements, \$3,210; rolling stock over one quarter of a mile of L. E. & W., at \$5,000 a mile, \$1,250.

The Fort Wayne C. & L. is valued at \$253,430, divided as follows: first main track, 12.87 miles at \$15,000 a mile, \$193,050; siding, 1.32 miles at \$5,000 a mile, \$6,600; rolling stock, 12.87 miles at \$4,000 a mile, \$51,480.

Total valuation of the P. C. C. & St. L. (Columbus division) is \$73,700 as follows: first main track, .43 of a mile at \$150,000 a mile, \$64,500; siding, .04 of a mile at \$15,000 a mile, \$600; rolling stock, .04 of a mile at \$20,000 a mile, \$8,000. (Cambridge City division)—first main track, 20.51 miles at \$30,000 a mile, \$615,300; siding, 1.68 miles at \$7,000 a mile, \$11,760; rolling stock, 20.51 miles at \$10,000 a mile, \$205,100; improvements, \$2,150; total, \$834,310.

The Vernon, Greensburg and

Rushville's assessments amount to \$385,690, divided as follows: first main track, 10.64 miles at \$30,000 a mile, \$319,200; siding, 1.06 miles at \$6,000 a mile, \$9,600; rolling stock, 10.64 miles at \$5,000 a mile, \$53,200; improvements, \$3,690.

### TWO FUNERALS ARE HELD

Services For A. G. Robertson and  
Loita Burkman

Funeral services were held this afternoon for Al F. Roberson, at his late residence, 334 East 10th street, at 2:30 o'clock, conducted by the Rev. L. E. Brown. Burial took place in East Hill cemetery.

Services were conducted this afternoon at four o'clock for Loita Burkman, two-year-old daughter of Mr. and Mrs. George Burkman, at their home, 524 North Arthur street.

## PEPTONA WILL HELP YOU

## Pigs Get Worms Very Young

The time to commence feeding Acme Worm Bouncer is from the time they are old enough to eat. Feed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than to let them get worms and then expel them.

THE UNIVERSAL CAR

Most of the Gas Companies throughout the country use a fleet of Ford Runabouts. The same is true of other big corporations. The reasons are very practical. The Ford Runabout is the most economical solution of quick transportation from manufacturer to retailer. For soliciting business, for the Collector, for the Doctor, Contractor, Builder, and almost every other line of business activity, the Ford Runabout is really a necessity. We solicit your order for one or more. We ask your repair business. We would like your motor accessory business. We can serve you, we believe, to your best advantage.

## When Feeding Hogs Have you tried SWIFT'S TANKAGE?

Practically every one of the county's biggest hog raisers are now feeding it.

If these men think enough of Swift's Digester Tankage to feed it the year round, is it not worth your while to give it at least a trial?

Judging from results, you will find it to be the best and cheapest of all hog feeds.

Corn and other farm grown feeds and Swift's Digester Tankage make an ideal ration for hogs.

The Marian Social Circle will meet tomorrow afternoon at the home of Mrs. Ed Bishop. She will be assisted by Mrs. Joe Buschmohle.

The Pythian Sisters will have a call meeting tonight for practice work. All officers and members of the degree staff are urged to be present.

The regular meeting of the Ladies Aid society of the First United Presbyterian church was held yesterday afternoon at the home of Mrs. S. H. Tabue in West Seventh street. The average number of members were present to enjoy the regular program and business session.

Miss Charlotte Crain, of Lafayette, Ind., and Ozzo Hoard of this city, were quietly married Saturday at the home of the bride's parents in Lafayette. They will reside at the home of his parents, Mr. and Mrs. William Hoard, in this city.

Mrs. Robert Powell had as her dinner guests yesterday, Mrs. J. C. Howes and children, Max and Francis, of Muskegon, Mich., and Mrs. Boon Gilson and Mrs. Joe Caldwell.

The dance which will be given to-night at the Modern Woodmen Hall promises to attract quite a number of out-of-town guests, and will be well attended. Mitchell's Jazz orchestra will furnish the music, and the dance is to be given by Paul Root and Fred Osborn.

**Lace Mitts Like Grandma Wore**

By MARGARET ROHE  
(Written for United Press.)

Oh mitt of lace, so old and quaint Again on hand to-day,  
We welcome you with open arms,  
Omit all gloves, we say.

New York, July 30.—Madame La Mode has thrown down the gauntlet. In Paris they are going in, or perhaps I should say coming out, strong for bare arms, as well as bare legs. With her skirts nearly up to her stockingless knees and her sleeves nearly up to her gloveless shoulders, the petite Parisienne is a bare-faced advocate of extreme decolette. She is caught bare-hand, ed at the most fashionable of functions. She has said "Off with the gloves", and there is no kidding about it—not even undressed kid.

On the other hand, though American fashion has always been hand in glove with Parisian mode, we will show our more conservative tendencies by stripping off our gloves, it is true, but not stripping our arms entirely. We treat our arms as we do our nether limbs and wear them, not bare this season, but barely covered in lace mitts as sheer and openwork as our hosiery.

Lace mitts, like Grandma used to wear when Grandpa took her to tread a stately minuet, will now be donned by granddaughter when some grandson takes her to a jazz accompanied shimmy.

On black or white silk lace or real lace these old style mitts are really lovely and fitting accessories to the new old-fashioned frocks of organdie and taffetta, topped off with a floppy Romney leghorn or a coquetish Kate Greenaway bonnet.

Omit the mitts and quaint wrist bows of narrow black velvet ribbon or heaps of bracelets do their bit to clothe an otherwise nude arm.

It was only to be expected that bracelets should return to favor when the short sleeve appeared. Dame fashion had them up her sleeve all the time, but they only came to the sartorial surface when

her sleeves were shorn. Now where glove makers repine, jewellers rejoice. They hasten to comply with alacrity and with the novelties when lovely woman hold out supplicating arms pleading to be loaded with gold and gem-encrusted shackles—not overlooking a platinum shackle or two by way of diversity.

Old fashioned wide bracelets of onyx and jet are stunning with fluffy summer dresses and the carved coral and cameo bracelets of long ago are greatly in demand.

Our right hand may not know what our left hand is doing, but our ears and neck seem to know. For even as we lend a hand to make the bracelet fashionably secure, it follows that we must lend an ear or two from which to dangle matching old fashioned earrings of onyx, jet, coral and cameo to go with our bracelets.

Bare throats then stretch out for their share of spoil and must needs complete the set with lockets, of cameo, coral, jet, or onyx, swaying on a length of narrow black velvet

or grosgrain ribbon.

And for all this the peeling off, or repealing of the glove, is answerable. Not content with a remittance of mitts, the bracelets are snapped on our wrists and it ends, as usual, by our getting it in the fashionable neck.

The Young Ladies and the Young Men's Bible classes of the Little Flat Rock Christian church will have an ice cream festival in the Auditorium at New Salem, on Friday night.

## YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless reme-

dis which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

## HAND GRENADE BANKS WILL BE GIVEN HERE

Local Banks Will Order Supply Bearing Their Own Name and Give Them as Souvenirs

FOR THE SCHOOL CHILDREN.

Several hundred Indiana banks have written to the Federal Reserve Bank in Chicago asking for supplies of hand grenade banks to be distributed among the school children as inducements to save, according to announcement today by William B. Bosworth, Executive Secretary, of the Seventh Federal Reserve District Savings Organization. The banks will buy the hand grenades, with tags attached bearing the name of the individual bank, and use them as advertising souvenirs. Children under twelve years who save enough money to buy at least one War Savings Stamp during the summer will be entitled to the hand grenade banks. Children over twelve

must save enough to buy two War Savings Stamps. Local banks will distribute the hand grenade banks.

Mr. Bosworth announced that banks will be expected to get their orders in by August 1st. When the banks have been supplied, the hand grenades will be provided for industrial establishments that have organized War Savings Societies. The members of these societies will be required to buy a certain number of stamps before they are entitled to hand grenade savings banks.

### C. R. HOFFMAN SAILS

Teacher to Johnny, sitting at his desk chewing gum and with his feet sprawling out on the floor—Johnny, take that gum out of your mouth and put your feet in!

## SECURITIES TAKEN FROM THE GERMANS

Treasures With an Estimated Value of Many Millions Have Been Smuggled From Germany

MUCH PROFIT MADE TOO

The Government is Not Seeing That No Great Sums Slip Over the Boundary Lines

By CARL D. GROAT  
(U. P. Staff Correspondent.)

Berlin. (By Mail).—Switzerland and the Scandinavian countries at present house a vast treasure in German and Austrian securities.

Berlin. (By Mail).—Dr. Friedmann, who stirred America up a few years ago, with an alleged cure for tuberculosis, is again in the limelight. His "cure" has come up for consideration in the Prussian assembly and is exciting considerable comment. Efforts are being made to have the government adopt his treatment and to make it available to the populace.

Their worth can only be guessed, but it is estimated that they run into many millions of dollars.

These securities have been smuggled out of Austria and Germany against the time when their owners

## Public Sale of 159-Acre Farm AT AUCTION

The undersigned will sell at Public Auction, 159 acres, known as the late Cyrus W. Ball Farm, located 7 miles northwest of Rushville, four miles northeast of Arlington, one mile west of Henderson, one mile south of Farmers Station.

Auction to be held at No. 1 School House, Posey Township, Rush County, Indiana:

**Wednesday, August 6, 1919**

SALE TO COMMENCE AT 2:00 O'CLOCK P. M. Described as follows:

East one-half of northeast quarter, less school house ground, 79 acres, and east one-half of south-east quarter, 80 acres, Section 8, Township 14 north, Range 9 east:

### Two Farms

You will note from this description that this is a long quarter section that can be divided, one farm of 80 acres and one of 79 acres; about 10 acres timber, and deep well on each; both laying on gravel roads, close to elevator and shipping points, churches and schools, and under high state of cultivation; every acre level, well ditched and clear of stumps; sugar tree and burr oak land. There is a fine stand of young clover on 46 acres, as clover has always been rotated with corn and wheat. Possession given September 1st, including one-half of 66 acres corn, to be gathered, and 23 acres of clover for seed, subject to all rights of present tenant.

### Terms of Sale

Ten per cent of purchase price to be paid at sale on contract signed by parties. Balance to be arranged for within ten days. Twelve months' time with interest at 6 per cent on one-half purchase price, or all cash as desired.

**MRS. SARAH E. BALL**

A. L. GARY, Attorney.

DUSTY MILLER, Auctioneer.

would have to help pay the German war indemnities. Because of the movement of these valuable papers, the German government made strong complaint in the course of the peace negotiations. It pointed out that a vast sum of money had gone out of the country, which, without the aid of the entente in recovering, probably could not be reached.

The securities were taken out by wealthy men who desired to escape their share of the burdens arising from peace payments. In some cases, airplanes were used to take out great stores of securities. In other cases, directly after the armistice, it was possible for the wealthy to pack up their tangible assets and move quietly into Switzerland, or some other neutral country, where the securities were safely stowed away out of the reach of the German government.

Only today there came news from Vienna of a considerable movement of Austrian and Hungarian paper out of the country—with quite evident signs that the movement had the same purpose behind it as the earlier German smuggling.

The government is now seeing to it that no great sums of money or paper are allowed to slip through the boundaries unless for legitimate purposes. Germany complains that her ability to meet foreign claims has been materially decreased by the acts of war-swollen profiteers and wealthy citizens who chose to take their wealth away rather than aid in rebuilding Germany wherein these profits were made.

Incidentally, Switzerland and the other neutral countries have made vast profits through the war; while the access of wealthy Germans with their fortunes make money flow rather freely. Switzerland has been for some time the playground of Europe, owing to the closing of other resorts on account of the war. It is now necessary to obtain special permits to enter the country for pleasure or business purposes.

### CHAPLAIN TO SPEAK

First Lieutenant J. T. Scull, who was in the service overseas for ten months as a chaplain, is visiting home folks in Orange township and will speak at Gowdy next Sunday morning at 10:30 o'clock. While in France he was given fourteen days leave of absence and spent the time visiting the battle fields of northern France and Belgium.

### TO HAVE WAR HISTORY

Columbus, July 30.—Bartholomew county is to have a War History. Part of the introduction is written and the work of compiling data for the remainder is progressing rapidly. A roster is also to be written for which returned soldiers are urged to furnish data and comments regarding the war.

## A Guarded Milk From Inspected Cows—From Sanitary Dairies

### Safe and Sterile

Van Camp's Milk comes from healthy, high-bred cows—cows selected for vitality.

The dairies are sanitary. The cows are constantly inspected.

Then, too, the milk is sterilized after sealing. It comes to you germ-free. The dangers which lurk in ordinary milk are absent in Van Camp's.

### Costs Less Than Bottles

Van Camp's is rich whole milk, reduced by evaporation to the thickness of thick cream.

Right after milking it goes into a vacuum. More than half the water is removed there by low heat. Nothing is added, nothing subtracted, save water.

You can use it as cream in your coffee or ice cream. If too rich dilute it somewhat. When you use it as milk, dilute it at least one-half. When you use it for cooking, dilute it still further.

\* \* \* \* \*

It costs less than bottled milk. Great economy comes in saving waste. You have small cans and large cans to open as you need them.

High milk bills come through guessing on your wants. You often get too much. With Van Camp's you never have a shortage, never an excess.

### Get the Van Camp Grade

Our experts have worked for twenty years to produce the best milk in America. Compare it with other grades of milk in bottles or in cans.

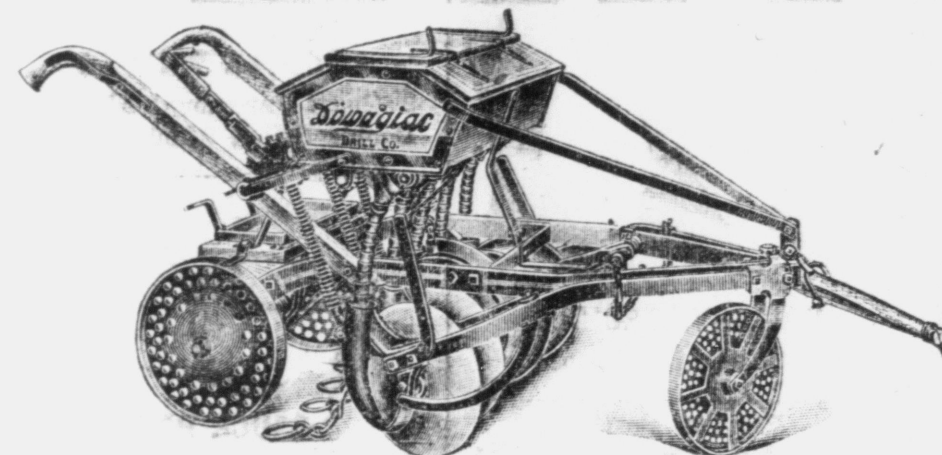

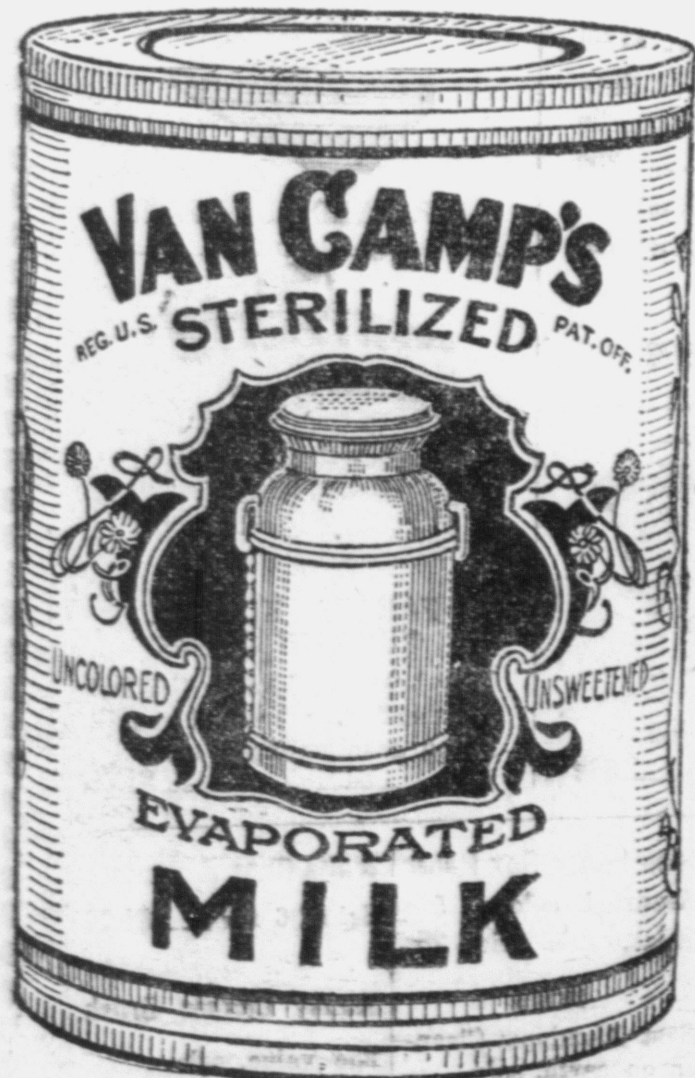

See the results of our care and skill. Order Van Camp's from your grocer now.

**Van Camp Products Co.**  
Indianapolis, Ind.

## Van Camp's Milk

The finest milk produced in America. A sterilized milk from high-bred cows. From inspected cows. From sanitary dairies. The result of 20 years of expert effort to produce a Super-Grade.

"The Cow in the Pantry"

### Dowagiac Steerable One-Horse Disc

The front wheel is a caster wheel permitting a short turn without lifting the drill and making steering between crooked rows easy.

The feeds are chain-driven from the axle of the two rear wheels which have ratchet hubs making both wheels drivers.

The Dowagiac five disc is self-guiding. It trails so perfectly that when the horse is driven midway between the corn rows the driver need not touch the handles and at the ends of rows the drill follows the horse in making the short turn. Each disc has independent up and down motion with spring pressure—the only way for uniform depth on uneven ground. With the convenient lever all discs are lifted when turning or transporting the drill to and from the field.

COME AND SEE THEM BEFORE YOU BUY.

## GERMANY TRYING TO IGNORE THE WAR

Is Seeking to Pick up Just Where She Left Off in July 1914, in Every Activity

### SPY SYSTEM TURNED OVER

Strange Stories Have Reached Paris Regarding Goings-on of Agents of Socialist Republic

(By United Press.)

Paris. (By Mail).—Germany is seeking to pick up just where she left off in July, 1914, and politically, industrially, commercially and economically is trying to act as though the war had never been.

Brazil, the Argentine, and all South America may well keep their eyes trained on what is left of the German Empire, for strange stories have reached Paris regarding the goings-on of agents of the new Socialist Republic.

1. They are colonizing Spain as rapidly as they are able.

2. They are buying up land and obtaining various kinds of options in Holland.

3. They are seeking to spread Bolshevik propaganda throughout Allied and friendly countries, using Switzerland as a base.

4. In the Argentine and elsewhere south of the American Equator, they are seeking a foothold in most insidious fashion.

The entire spy organization which existed in Switzerland during the war and which served as the instrument of the German General Staff, has been turned over to the new German government, lock, stock and barrel and now, after a period of inaction, is busier than ever on their new scheme.

Count Brockdorff-Rantzau once said that Bolshevism is a splendid "article of export" for Germany. The organization in Switzerland is attempting that very thing—to export Bolshevism.

"Le Matin's" correspondent telegraphs to his paper that he is in a position to state that a conference was recently held in Zurich at which were present:

Lieutenant Schloss, well known for his work during the war as one of the chiefs of the "Special Service" attached to the Imperial German General Headquarters; a secretary of the German Legation in Berne; the famous Maroun, former Consular Agent in the German service at Agadir, who, throughout the duration of the war, was active in behalf of the German General Staff among the peoples of Islam; the Bolshevik agent, Aaron, an Israelite, naturalized Brazilian; a former Bulgarian agent, named Cohen, married to a French woman.

"This organization," says the correspondent, "has at its disposal a large amount of money. It is known that the funds of the Unionist band of Enver Talaat, transferred to Switzerland, amount to more than a hundred million francs. To this must be added funds from

both the Bolsheviks and the Germans.

"The attention of Aaron is directed principally in the direction of Italy.

"The Islamic propaganda is aimed rather against Algeria and Tunis.

In short, the government of Scheidemann is continuing the same methods and is practicing the same game of political intrigue as the old Imperial government."

Similar stories have reached France from Spain. The old spy system is in full swing today trying to turn the present political situation in that country to the Teuton's advantage.

Special correspondence from Amsterdam declares that Holland is being absolutely invaded by Germans. "German salesmen," the special correspondent of a Paris paper declared, "are pouring into Holland just as before the war. On one page of an important local daily newspaper I counted ten German advertisements out of a total of 14."

"During the war," the same writer continued, "the Germans bought the principal sites in large cities for the purpose of putting up cinemas and theatres. And when a Dutch subject opened an exposition of an international character where samples of commercial products were to be exhibited the year round, a German immediately offered to buy up all the space for 50,000 florins so that he might control the exhibits."

South America is not going to escape German influence. Every indication is that the Germans are only waiting until the ink is dry on

the peace treaty before making a start in that direction. A dispatch dated from Coblenz, American Army Headquarters, reads: "Letter after letter is passing through the hands of the American military censors telling of the intentions of many Germans to emigrate to South America. Seldom is any mention made in any of them of plans to go to the United States."

### OPERATION PERFORMED

Mildred Wilson, daughter of Mr. and Mrs. Frank Wilson, of near New Salem, was operated on this morning at the Dr. Green hospital, for the removal of her tonsils.

### LIVERPOOL STRIKE ENDED

Liverpool, July 29 (By the Associated Press)—The strike of dock workers has been settled. Work was resumed today. The strikers regard the settlement as greatly in their favor.

known heirs of Julia A. Carr, wife of R. T. Carr, Julia A. Carr, wife of Roland T. Carr, the unknown heirs, devisees and legatees of Julia A. Carr, wife of Roland T. Carr, Roland S. Carr, the unknown heirs, devisees and legatees of Roland S. Carr, Martha E. Carr, the unknown heirs, devisees and legatees of Martha E. Carr, wife of Roland S. Carr, Elizabeth Ross, are not residents of the state of Indiana, and that their place of residence is unknown to plaintiff and that diligent inquiry has been made to ascertain the place of residence of said defendants, but that said inquiry has not disclosed same, and that said named defendants are necessary parties to plaintiff's said cause of action.

That said complaint so filed is for the purpose of plaintiff's title to following described real estate in Rush county, Indiana.

Beginning eighty-seven feet and four inches west of the northwest corner of the intersection of Harrison and Third streets in the City of Rushville, and running thence west along the north line of Third street eighty-two and one-half feet to the alley; thence north one hundred and sixty-five feet;

thence east eighty-two and one-half feet; thence south one hundred and sixty-five feet to the place of beginning; being a part of seminary lot, and a part of the east half of north-east quarter of section six, township thirteen north, range ten east.

A notice is therefor given to said defendants, named herein that unless they be and appear on the 7th day of the next term of the Rush Circuit Court to be held on the 1st Monday

of September, 1919, at the court house in Rushville, in said county and state and answer or demur to said complaint, the same will be heard and determined in their absence.

Witness my name and seal of said court affixed at Rushville, this 16th day of July, 1919.

GEO. B. MOORE, JR.,  
Clerk Rush Circuit Court.  
Thomas M. Green, Attorney.  
July 16-23-30

A friendly pipeful makes even the umpire seem almost human.

Velvet Joe

Honest to Goodness Ole Kentucky Burley—

aged for eight seasons by Nature's way—in wooden hogs-heads. That's the true story of Velvet.

Judge Velvet with your eyes wide open. It is just the good old honest tobacco that it looks and smells

But the mellow, mellow, mellowness—the coolness and the comfort of it! The taste! Well, a pipeful of Velvet proves more than a page of print. Play Ball.

Want a mild, tasty cigarette? Roll one with Velvet.

TRY A WANT AD

They Canned Last Year  
Now You Can This Year

U. S. DEPARTMENT OF AGRICULTURE

Spoilage of canned goods has been frequently traced to the use of poor rubber rings. The fruit or vegetable canned may be fresh from the garden, the jars and tops may be perfect and absolutely clean, the processing may be done in the right

Four Inches of Ring Should Stretch 10 and Then Return to Original Length

way for the right length of time, but if the rubber rings are not reliable, much of the good work goes for naught.

The very best quality of rubber ring is needed by the housekeeper

**CHILDREN**

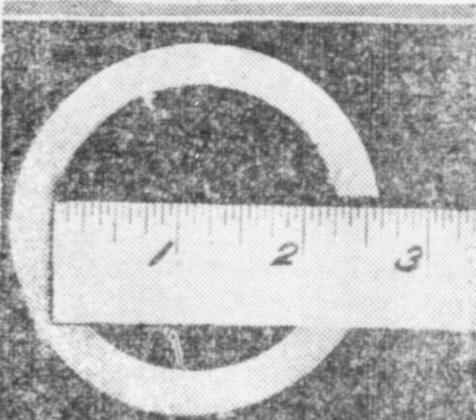

Should not be "dosed" for colds—apply the "outside" treatment—

**VICK'S VAPORUB**

"YOUR BODYGUARD"—30¢, 60¢, \$1.20

who uses any method of canning in which the ring is heated with the jar and its contents. If the rubber ring develops imperfections after it has been heated the required time, it is necessary to replace it and again process the jar. Canning demonstrators of the United States Department of Agriculture have been studying the requirements of a good rubber ring in order to eliminate this cause of canning trouble.

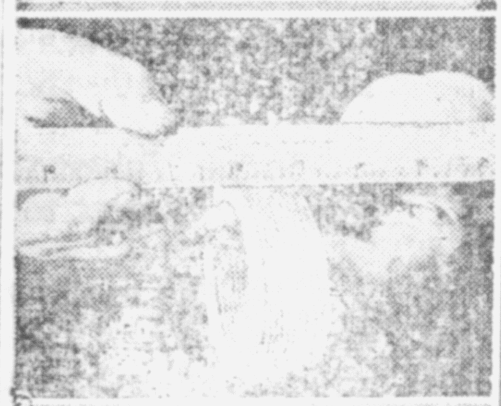

Tests of thousands of rings disclosed that color, notwithstanding popular opinion to the contrary, has nothing to do with the quality or strength of the ring.

Diameter of Standard Ring, 2 1/2 Inches

A ring should be able to support a weight of 13 pounds without breaking, and an easy way to test them is to lift that weight by a ring. If scales are available, place a pail on them and pour in water until the pail and contents weigh exactly 13 pounds; or the 13 pounds may be approximated by putting 13 gallons of water in an ordinary 12-quart tin pail.

Adjust the ring on the wooden handle and, by using a wooden spoon, slowly lift the pail from the

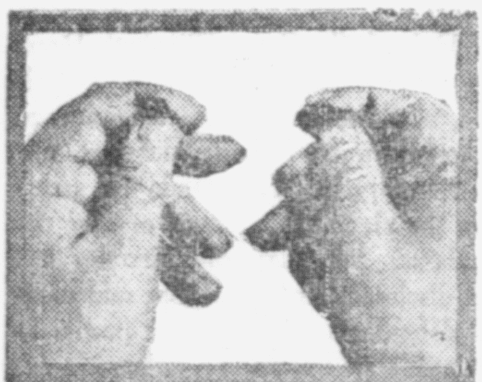

12 Standard Rings Measure 1 Inch

table. A good ring will support the pail without breaking.

To make a perfect seal, rubber rings should possess elasticity enough to take up the unevenness of the jar and cover, and be strong enough to resist cutting when the seal is made. A ring which cannot be folded and pinched without breaking is useless for canning by methods in which the ring is heated (processed) with the jar and contents.

A section of a good rubber ring can be stretched to 2 1/2 times its or-

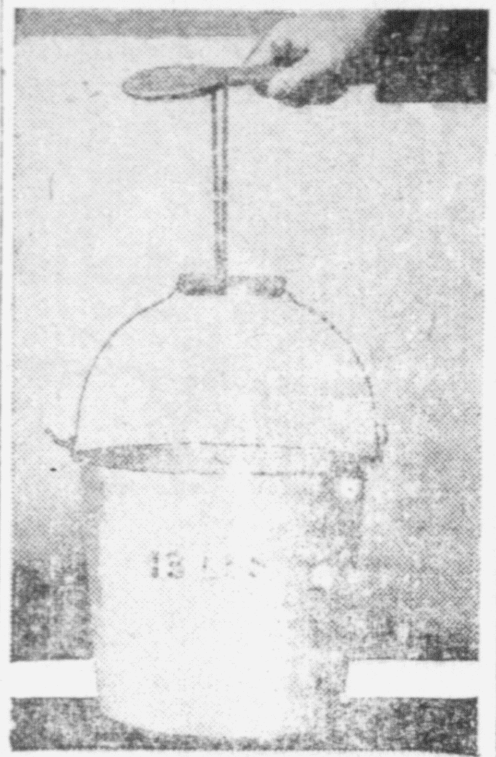

(Right) Worth While Rings Do Not Break: (Left) Poor Ring Which Broke in Same Test

iginal length. Take a section of a ring about 4 inches long, and using either a pair of mechanical clothes pins or the thumbs and index fingers, grasp the section of the ring at points 4 inches apart. Slowly stretch it. A 4-inch section of a good ring will stretch to 10 inches without breaking. Elasticity is even more important than thickness in taking up the unevenness of the jar and cover. A ring which has the requisite elasticity can be stretched considerably and it will return immediately to its original length.

Rings must be of sufficient thickness to indent without cutting. The tests show that one-twelfth of an inch is sufficient; that is, 12 rings stacked should measure an inch.

The width of the ring or the flange may vary from one quarter to three-

eighths of an inch. The tests have shown that fewest "blow-outs" occurred with rings five-sixteenths of an inch wide. For standard jars the inside diameter of the ring should be two and one-quarter in-

Good Rubber Ring Supports 13 Pounds

ches. It should fit closely, requiring a little stretching to get it around the neck of the jar.

A few minutes spent in testing your rubber rings before you begin canning may save hours of work and perhaps much disappointment later on.

Amusements

First Episode Thursday.

Mothers are handy, persons to have around, on the screen as well as in real life. Elmo Lincoln, the famed star of "Tarzan of the Apes," will bear witness to this.

Lincoln is the star in the Universal serial, "Elmo the Mighty," the opening episode of which will be shown Thursday at the Mystic Theatre.

In making the second episode Lincoln was called on to remain in the water of an icy mountain brook for twenty minutes, with very little clothing on, as he was supposed to have just emerged from a terrific fight.

When he came out, Lincoln, despite his powerful physique, was numb and shivering. He does not use liquor, however, and refused any sort of stimulant until Virginia Craft, who plays the part of his mother in the serial, appeared with a steaming pot of coffee.

"There's no one like your mother," sang Lincoln, as he dashed toward the life-saver.

The action of "Elmo, the Mighty," centers about the efforts of Capt. Elmo Armstrong, a leader in that picturesque band of men of action, the Forest Rangers, to square the name of Richard Gray, manager of a Western lumber and milling syndicate, who has been accused by crooked members of the company of defrauding the government out of a vast amount of money in false tie contracts.

Gorgeous Costumes

In a gorgeous jewelled costume beautiful Alice Brady does a most striking Oriental dance in her latest Select Picture, "Redhead" which Shows tonight at the Princess.

Miss Brady is a dancer as well as a screen star and a stage celebrity, which she gives film patrons an excellent opportunity to discover in this latest picture. Clad in one of the most beautiful dancing costumes ever seen on the screen (or off) she goes through a series of weird, oriental movements with all the languid grace of which she is capable. Her costume of jewelled spangles, consisting of a breast plate and a full skirt slashed to the knee, accentuates the beauty of her form and the litheness of her movements.

"Redhead" is one of the best pictures Miss Brady has appeared in for some time. It affords her an excellent role for which she is well adapted—that of a cabaret girl, who marries a son of the idle rich one night, when he is under the influence of liquor. She soon regrets her mistake. Her life is a hard one, full of the petty cares which a household is bound to assume—especially when there is very little money in it and the lord of the house is determined to dislike his lady. But every cloud has a silver lining and well—see "Redhead".

## Simple Operations Fitted Together

The business of Swift & Company is the fitting together of many simple operations.

No one thing in a packing business is particularly difficult for men trained to do it; but no one thing is enough.

Thousands of other operations, properly performed, are necessary for the completed processes. And someone must fit together all these thousands of simple operations.

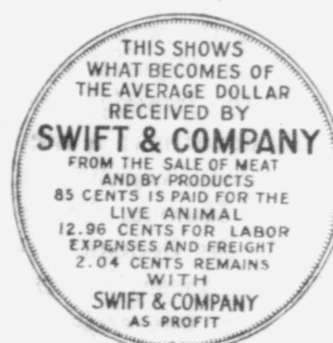

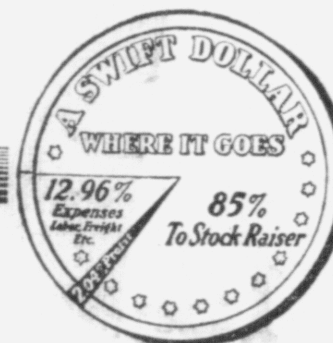

The success with which a packing business performs its function of supplying the best possible meat products to the consumer with the greatest possible benefit to both him and the producer depends upon the energy, brains, experience, and faithful effort of the men trained in the business.

Swift & Company turns the producer's live stock into meat for the consumer at a profit of only a fraction of a cent a pound, because it fits these operations together with the least waste, overlapping, and friction.

Do you believe government direction could do better?

Let us send you a Swift "Dollar". It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

Swift & Company, U. S. A.

## WANTED Horses and Mules

I will be at the Geo. P. Smalley stables in Rushville on

Monday and Tuesday, August 4th and 5th, to buy a car load of horses, mares and mules. They must be fat and ready for market. If you have horses or mares with speed bring them in.

Also would buy a few Ponies.

Financial Independence Thru Home Building

THE habit of thrift, started in many cases by war savings, may be made permanent through the buying of homes.

With your Liberty Bonds as collateral you can start building at once. Later payments will mean enforced saving for several years, but the goal is a home paid for, further investments in good securities and finally, financial independence.

Of course, you'll want to build well and to suit your own needs. It's our business to help you—show you plans, suggest the most economical materials and recommend a reliable contractor.

There's no obligation in consulting us.

937 PERSONS VIOLATE LAW

Statistics Show That Number Arrested Since State Went Dry

Indianapolis, Ind., July 30—Hoosiers of wet inclinations and dry throats violated the Reed Prohibition amendment to the federal constitution promiscuously since Indiana "went dry" according to figures compiled today at the office of the United States district attorney.

Since April 2, 1918, indictments have been returned against 937 persons and the sentences of those found guilty aggregated approximately forty-eight years. Of this number of defendants, 577 pleaded guilty, 25 were found guilty when tried, eight were acquitted and the indictments against 58 well nolle prossed. The remainder either have not been arrested or are waiting trial.

WILL TREAT SEED WHEAT

Bartholomew County Will Establish a Treating Station Soon.

Columbus, Ind., July 30—Bartholomew County Farmers' are planning to establish a seed wheat treating station at Columbus. The efforts of the station will be directed principally against the loose smut or "black head" and the hot water method will be used to eradicate the disease.

It is planned to treat wheat for sowing this fall, and as there is little time to spare, work on the project probably will be started immediately.

It is estimated the quantity of diseased wheat this year is greater than ever before.

Courses of instruction in sugar manufacturing and life insurance salesmanship have recently been arranged for disabled soldiers by the Federal Board of Vocational Education.

### WHEAT DISEASES UNDER CONTROL

Department of Agriculture Believes That Flag Smut and Take-all Are Properly Cornered

**MUST NOT STOP FIGHTING**

If Once Eradicated it Probably Will Never Find its Way Back From Outside Sources

Washington, July 30—Indications are that the two dreaded foreign foes of wheat, flag smut and take-all, will not become widespread in the United States. The United States Department of Agriculture announces that the two States where these diseases appeared, Indiana and Illinois, have taken steps that will prevent the spread of the diseases from the infected fields and that should wipe out in a few years the infection in

fields where it exists.

Indiana officials came to the recent hearing in Washington with adequate safeguards already placed. Shortly after the hearing, Illinois established similar safeguards. All the infected wheat in both states is under control and will be disinfected before any use whatever is made of it. All straw and stubble are to be burned, thrashing machines are to be thoroughly disinfected, and no wheat is to be grown in infected areas for several years.

Under these conditions full confidence is felt that neither of the diseases will spread from the diseased areas in Illinois and Indiana. That does not mean, however, that the fight against flag smut and take-all is over. It is possible that one or both of the diseases exist this year in places where they have not been recognized. There is, however, no great probability that this is true. The Department of Agriculture and its cooperating agencies have been diligently on the lookout for these two diseases all summer and have found no evidences of them except

in the two areas. Both flag smut and take-all occur in Illinois and only take-all in Indiana. The experts, however, realize the possibility that some infested spots may have escaped observation, and it would not be surprising if diseased fields are found elsewhere next spring.

In the meantime, there will be no let-up in the work of preventing either of the diseases from getting a real foothold anywhere in the United States. The Federal Department is working with the authorities of Illinois and Indiana, giving them every possible aid. Its pathologists are energetically studying the diseases, and its representatives are searching the country over to make certain whether or not there are other infested areas and to see that effective measures of control are available if any such areas are discovered.

The cooperation of State authorities is essential in order to prevent hardship if further infestations should be discovered. Only the prompt action of Indiana and Illinois prevented the placing of a quarantine against all the wheat in those

states, a measure which would have meant hardship, not only to all the wheat growers in the two States, but to dealers, millers, and consumers. Even prompt State action will be desirable if either of the diseases is found later to exist in any other State.

Neither of these diseases is likely to find its way into the country again from outside sources. The Department of Agriculture has established quarantine regulations against all the rest of the world in which either of the diseases exists. No small grain can come in for any purpose unless it has been thoroughly sterilized with steam heat. It is the purpose of the department, say its officials, to make the clean up of these plant plagues as thorough and as prompt as it did the foot-and-mouth disease of animals a few years ago.

LONDON—\$8,772 demobilized army horses have been sold by the British War Office for just over \$16,000,000, an average of \$187 apiece. 4,220 mules averaged \$96.

Will be Dedicated to the Memory of the Men Who Fought for County in the War.

**MANY PLACES HAVE THEM.**

Shelbyville, Ind., July 30—Memorial buildings from all indications gathered thruout the state are meeting with great favor among the cities of Indiana which wish to erect something that would honor the memory of the soldier men that left from their respective communities.

At a mass meeting held here this spring it was decided that a memorial of some kind should be erected for the Shelby county soldiers. A community building seemed to meet with the greatest favor among citizens of Shelby county the majority of whom expressed themselves as willing to support a movement of this kind.

Other towns of the state are now working out the details for their memorial buildings. The Indiana Construction Recorder in its latest issue published several plans of different towns of the state in regard to a memorial building. The details of such a building should arouse greater interest in the erection of one here, as different facilities afforded by such buildings which are planned for construction are badly needed in this city.

Gary, Evansville, Ft. Wayne, Rochester, Princeton, Greenfield and Greencastle are mentioned as towns which are seriously considering the erection of community buildings. The majority of these towns are not so large as Shelbyville and could not as readily erect a community building as this city.

### CAMP ROOSEVELT OPENED FOR BOYS

More Than 1500 Boys From All Parts of Country Enrolled For Summer Term

**COSTS A DOLLAR A DAY**

Is The First of Its Kind in U. S.—They Receive Military and Physical Training

Muskegon, Michigan, July 30.—More than fifteen hundred boys from all parts of the country are enrolled at Camp Roosevelt, the military-physical training encampment on Lake Michigan near this city. The first two weeks' period of training has conclusively demonstrated the practical nature of the plan of training for the boys who shambled into camp a fortnight ago have been transformed into well drilled,

well disciplined boys with the snappy, military appearance of overseas veterans. In addition to their military training, the boys have also received a thorough course in physical training and some two hundred have also been busily engaged in high school subjects at the summer school which is being conducted in connection with the camp.

Camp Roosevelt is the first camp of its kind in America. It was established by the Chicago Board of Education, with the sanction and approval of the war department, as a field training point for the boys who are taking military work as a part of their high school course. The outside demand was so great, however, that the original plan was broadened, making Camp Roosevelt an all-American establishment.

The Camp Roosevelt boys are kept busy from reveille to taps with a program which is a happy combination of military drill, physical exercise and recreative pastimes. Strict military discipline prevails and every minute of each boy's time is fully accounted for. There is no

truancy.

Captain F. L. Beals, commanding officer in the military department of the Chicago schools, is commandant of the camp and he has as assistants some fifty officers, physical director and high school instructors. Under this organization, the camp runs with the smoothness of a regular army establishment.

The health of the cadets at Camp Roosevelt is fully safeguarded and no accidents have occurred during the program of the camp, thus far.

Camp Roosevelt is not a profit-making institution. Each cadet pays \$1.00 per day for military and physical instruction, housing equipment and board. The deficit in the cost is being made up by a committee of patriotic Chicago citizens who are interested in military training for boys during the school ages.

The second two weeks' period of the camp is just now beginning and new cadets are being enrolled. Executive headquarters at 21 N. La Salle street report that the outside enrollment is constantly increasing. The camp will continue until Sep-

tember 1 and cadets can enter at any time for a stay of two weeks or longer.

**CITY PROPERTY SELLS FAST**

Three More Pieces Disposed of in Last Few Days

Sales of city property continue to take place, more transactions having been made in the last few months than ever in the history of Rushville.

Wilbur Mahin has bought the Dr. H. V. Logan property in North Jackson street and will move there. Maury Behout, who now lives in West Seventh street, has bought the old Wilson property, belonging to Mrs. Ora Wilson of Lexington, Ky., formerly of this city. It is located at the corner of Main and Ninth streets. Mart Beaver has bought the residence of Mary Gray at the corner of Main and Eleventh streets. None of the considerations was made public.

**JAPAN TO SEND U. S. FILMS**

Does Not Believe Americans Gaze Upon the Real Thing in Picture

(By United Press.)

Tokyo, (By Mail.)—Enter the exchange movie film in the list of "exchanges" for the promotion of international good feeling, along with exchange professors and exchange students. Many of the Japanese believe that movie fans in America are not fairly treated in the way of pictures of Japan, and a plan has been adopted to see that Americans are given opportunities to gaze upon the real thing in pictures of the Flowery Kingdom.

According to Tatsuo Hoshino of the Imperial Education Society, the departments of Education and of Agriculture and Commerce will now attend to the making of the films and exchanging them for the genuine American product selected from catalogs of hundreds of titles.

**WANT ADS BRING RESULTS**

**TO SMOKE OR NOT SMOKE**

London. (By Mail.)—Whether ministers should smoke is arousing discussion among clergymen as a result of a question asked at a recent convention of Methodist ministers as to whether it is Christian-like for ministers to smoke.

"It all depends on what you smoke," said one minister. "I smoke a cigar to the glory of God."

Rev. F. C. Spurr, Regent's Park Methodist church, confessed he smoked a pipe in his study, but didn't think it wise for ministers to smoke in public.

Another favors it for the reason that a good smoke helps to get a man's soul.

"Personally I haven't smoked a dozen cigarettes in my life," said Dr. F. B. Meyer, "and that was in Turkey where it would have been an act of great discourtesy not to smoke with your host. But I don't object to smoking if by so doing a minister can get nearer to a man's soul?"

# Enjoy a Day at Magnesia Springs

All Republicans of Rush county and their families, have an urgent invitation to attend the mid-summer meeting of the IndianaRepublican Editorial Association at Magnesia Springs

## Friday, August 1

### WILL H. HAYS, Republican National Chairman

and other prominent republicans of Indiana will be provided and the amusements of Springs may be enjoyed. Those who do not motor may go to Connersville on the I. & C. traction line and from there on a special train which leaves for Brookville at 11:00 a. m. A fried chicken dinner, followed by plenty of good republican speeches, are on the menu.

## SAY HUNDRED GOOD PLANES WERE BURNED

Witnesses Testify to "Million-Dollar  
Fire" Which Was Ordered by  
Those Higher Up.

OCCURRED IN FRANCE IN MAY

Lieut. Lockwood, Connecticut, Says  
It Was Apparently Useless De-  
struction of Planes.

SERGEANT BAILEY TESTIFIES

Declares he Had Charge of Detail  
Which Applied Torch—No Pho-  
tographs Allowed.

(By United Press.)

New York, July 30.—A "million-dollar fire" in which more than one hundred airplanes in first class condition were destroyed in France, under order of American army officers, was the center of today's investigation by the congressional sub-committee on the conduct of the war.

The committee which yesterday delved into the alleged cruelty to American prisoners, abandoned that phase of the investigation, temporarily, to take up the reported destruction of army property and waste.

One witness, testifying regarding the "million-dollar fire," said it occurred in Colombey-Les-Villes last May. The machines were piled up and burned, it was testified.

Lieut. Lockwood, Connecticut, referred to the fire as apparently useless destruction of planes in good condition. He said orders for the destruction of the planes were written and came from officers higher up. He did not know their names.

Sergt. Fred Bailey, New Jersey, testified he was in charge of a detail of 75 men destroying the machines and that the work was still going on when he left France in May. He said all the planes were in good condition. He stated that guards were placed about the place to prevent photographs being taken. He said that all the men were serious about the destruction but did not know why it was ordered.

Congressman Bland, Indiana, was in charge of the investigation today and he was assisted by Congressman Johnson, South Dakota.

Bland also said the committee proposed to inquire into the alleged

## ASKED TO WATCH FOR 2 BOYS WHO ESCAPED

Chief of Police Gets Message About  
Youths Who Slipped Away  
From Plainfield

BELIEVED HEADED THIS WAY

Chief of Police Seward received a telephone message this afternoon from the superintendent of the state boys school at Plainfield, stating that two boys, John Gott and Henry Gurl, both about 16 years old, had escaped, and asked that the police here keep a watch-out for the two young men.

The superintendent stated that the boys were headed this way, and that the Gott boy had a grandmother living in Rushville by the name of Mrs. Sarah Alsman. The woman mentioned was unknown to the police, nor is she known at the post-office, and it is probable that the name is either wrong or else the Mrs. Alsman lives some place in the county. The Gott boy was sentenced from Wabash, and the Gurl boy from Terre Haute.

## FALLS OFF LOAD OF HAY

Lafe Johnson is Seriously Injured in  
Accident Near Gings

Lafe Johnson, a prominent farmer of near Gings, fell off a load of hay into the manger at his barn yesterday and was seriously injured. The exact nature of his injuries has not been determined, but the attending physician does not believe that any bones were broken. The injury was serious for Mr. Johnson because of his age and for the additional reason that he is a very large man.

## CHICAGO DEATH LIST TOTALS 26

Toll of Race Rioting Increased by  
Death of White Man Today  
and 2 Negroes Last Night

EXTRA POLICE AUTHORIZED

Eighty-Five Negroes and 17 White  
Men Are Under Arrest—Con-  
ditions Almost Normal

(By United Press.)

Chicago, July 30.—Chicago's aldermen today authorized the Chief of Police Garrity to increase his force by 1,000 men to cope with the situation of race rioting here.

This action was taken to provide release for officers on duty here for the past three days. It also will forestall action by militia men in the rioting districts.

Garrity had asked for forces to release his men.

Garrity, with Adjutant General Dickinson, after a tour of the black belt, reported conditions almost normal.

Conditions are still serious in the stock yards. Live stock exchange officers advise withholding shipments for the remainder of the week.

A list of 26 dead were recorded today when a white man succumbed to injuries received Monday.

Eighty-five negroes and seventeen white men are under arrest. Many will face murder charges. Several were picked up by officers who saw them in the act of killing.

Conditions in the loop district are better since the employment of several hundred civilians as special officers.

A few negroes stranded in the loop were sent home in closed vans.

Fourteen hundred additional militia men were ordered to Chicago early today to be ready to assist the 4,200 troops already under arms here in quelling race riots that have claimed 26 deaths in the last 36 hours.

Adjutant General Dickinson asserted that he believed the occasion will not demand use of the troops in fighting.

Two men were killed during the night. One of them a negro boy, was attacked while riding a bicycle. He was stabbed, shot more than twelve times and died after the police rescued him from a burning stake. Paraffin had been poured on his clothes. The other death was that of a negro man who, it was said, shot and wounded a patrolman.

Most of the major clashes were confined to the black belt. Sixteen policemen were shot and some of them seriously wounded while performing their duty in the negro district.

Ten whites and fifteen negroes were officially reported by the police to have been killed.

To start the third day of warfare patrolman Walter Sullivan was probably fatally shot by a negro whom he was searching in a vacant lot. As Sullivan fell, his partner, John Keal, shot the negro dead. During the night fifteen other po-

## RAIL VALUATIONS ALMOST TRIPLED

Appraisements of Steam Roads and  
Interurban Line in County  
Amount to \$3,385,486

FIGURES OF THE STATE BOARD

Brings Approximate Total to \$58-  
142,611 Exclusive of Phone  
and Telegraph Lines

The railroads and one interurban line in Rush county were valued at \$3,385,486 for taxation purposes by the state board of tax commissioners, according to a report on assessments received at the county auditor's office. The same report included the assessments of the telephone and express companies, but they were on a mileage basis and the totals for the county have not been computed by the county assessing officials.

The railroad and interurban assessments are almost tripled, compared with last year, and will bring the approximate total of the taxables in the county to \$58,142,611, which is eight million dollars more than double last year's assessments on which taxes are being paid this year.

The telephone, telegraph and express companies' appraisements will also boost this total considerably and will run the amount close to \$60,000,000, it is now estimated.

The express companies were assessed last year at \$15,350, the telephone and telegraph lines at \$126,600 and the steam and electric roads at \$1,406,340.

This year 77.66 miles of the main line railroad tracks in the county was assessed at \$2,357,450, the 10.83 miles of siding at \$69,140, the

## MEETS 4 REPUBLICANS AT THE WHITE HOUSE

President Confers With Lenroot, Dillingham, Harding and Fernald  
on Treaty and League.

CUMMINS WILL SEE WILSON

(By United Press.)

Washington, July 30.—President Wilson today called four republican senators to the White House, Lenroot of Wisconsin, Dillingham of Vermont, Harding of Ohio, and Fernald of Maine.

Tomorrow the president will see Senator New of Indiana, the first republican member of the foreign relations committee to confer with him.

It was expected Homer Cummings, chairman of the democratic national committee would call at the White House to report on his trip to the west.

Senator Dillingham said he discussed frankly with the president a variety of questions regarding the league of nations and peace treaty and learned reasons for the Shantung settlement.

Dillingham said he is in favor of the league with reservations.

PERRY HERITAGE DEAD

Alexandria, Ind., July 30.—Perry Heritage, age seventy-four, president of the People's Bank and Trust Company, died here late yesterday after a long illness. During the gas boom days of Alexandria, Mr. Heritage made a fortune.

CAPT. C. E. WOLFE IS BACK

Captain Charles E. Wolfe has returned from overseas, after a long period of service, according to word received by relatives here, where Capt. Wolfe formerly lived. He was employed in the government service before entering the service.

## SUES HER HUSBAND WHO IS IN PRISON

Mrs. Nina A. Miller Files Action in  
Circuit Court For Divorce From  
Silvertown Miller

ASKS \$10 A WEEK SUPPORT

Declares Her Husband is Not a Fit  
Person To Have Custody of  
Their Three Children

Mrs. Nina A. Miller, through her attorney, John A. Tiftworth, has filed a suit for divorce, against her husband Silvertown Miller, alleging cruel and inhuman treatment.

Mrs. Miller in her complaint states that they were married on January 26, 1911, and separated on November 4, last year. That during their married life, three children were born, and she asks the custody of the children, and \$10 a week as support money.

She alleges that Mr. Miller was cruel and guilty of inhuman treatment in that he drank to excess and was cross, angry and swore at her frequently striking her. She furthermore says in the complaint that he gambled, and failed in the support of his family.

According to the complaint Miller is serving a sentence in the state prison, having been sent from Shelby county only a few weeks ago on a larceny charge in connection with the theft of some corn, and he is not a fit person to have the custody of the children.

Mrs. Miller and her children reside at 801 North Sexton street. Her husband is better known as Sylvia Miller, who was recently sentenced with Chester Taylor to serve from one to fourteen years in Jeffersonville.

## APPEAL FOR SOLDIERS TO HELP WITH TRAFFIC

Numerous Accidents Take Place in  
Chicago Due to Tie-up of  
Transportation System.

RADICALS BLAMED FOR STRIKE

(By United Press.)

Chicago, July 30.—Appeals for 200 citizen soldiers in uniform to help handle traffic was issued today by the city public safety department.

Traffic was at a standstill today and numerous accidents have already occurred. Every kind of conveyance was used for carrying to the business districts the 250,000 workers, stenographers and clerks. Trucks, cabs and other vehicles were used.

Cooler heads among officials of the 15,000 striking street car and elevated railroad employees today sought to take a referendum vote to determine whether the city transportation system shall continue to be paralyzed.

L. Bland, international treasurer of the Carmen's Union, asserted hasty action in calling the strike early yesterday, without an hour's notice to the public, was caused by 300 radicals among the union men.

ERZBERGER IS DENOUNCED

Berlin, July 30.—Dr. Karl Heiferich, former vice-chancellor, announced today that, having failed to induce Matthias Erzberger to sue him, he would enter suit against Erzberger "to prove him a liar and traitor and to bring the truth to light."

DEMING NOT GUILTY

Terre Haute, Ind., July 30.—Demas Deming, millionaire bank president, was found not guilty by City Judge Shaffer today, of violating the state prohibition law.

## SEEKING SPECIAL SESSION

Suffragettes Wonder if They'll Win  
After Goodrich's Decision.

Indianapolis, Ind., July 30.—Suffragettes of Indiana were wondering today whether they will be successful in their efforts to convene the legislature in special session to ratify the suffrage amendment to the federal constitution.

Some expressed doubt in view of the statement of Gov. Goodrich that a session now is not necessary for the appropriation of money for state institutions.

## HEAT WAVE BROKEN A SHORT TIME ONLY

Sun Comes Back in Full Force To-  
day and Sends Temperature Back  
to Old Mark.

DRENCHING RAIN IS WANTED

Farmers Say That all Crops, Especially  
the Corn, are Sadly in Need  
of Moisture.

The heat wave of the last few days was broken last night by a drop in the temperature and last night was very cool considering to what it has been in the nights past. The sun, however, came out again this morning in full force, and promises some very hot weather again today.

The farmers are anxiously watching for a good rain, as the ground is badly in need of a drenching, and crops are suffering because of the continued dry spell. The ground in many corn fields is cracking, and the outcome of the crop depends largely upon a good rain.

Many tomato plants are dying from "blossom end drop," a disease caused directly to the hot dry weather. A kindred disease in which the blossoms shrivel up, also is due to the torrid wave. Gardeners should use care in sprinkling their plots, and the best plan is to pour water at the base of the plants, and then cover the moist earth with dust. This dry dirt will hold the moisture around the roots of the plant and would be much more beneficial than sprinkling the entire garden.

The temperature yesterday registered in many places as high as 98 in the shade, and no doubt would run that high again. The weather man predicted probable showers for tonight in the north portion of the state, and it might be that Rush county will get a few drops, which would help just that much. Continued warm weather was also predicted for tomorrow.

Motorists will be very much pleased when a good rain comes, as the country roads are in such a terrible condition with dust several inches thick, that a trip into the country proves everything but enjoyable.

EXPECT SALE OF FOOD

Washington, July 20.—Early action by the war department in devising a plan for direct sale of surplus army food stocks, valued at \$120,000,000 to consumers was expected by republican leaders today as a result of the adoption by the house yesterday of a resolution requesting that the stocks be made available through a selling organization.

FLOCK TO MILWAUKEE

Milwaukee, Wis., July 30.—The colored population of this city is being increased by several hundred today. Every train during the last two days has brought into this city colored people fleeing from the perils of rioting in Chicago.

## HOOSIERS TO CALL ON THE PRESIDENT

Senators James E. Watson of This  
City and Harry New Invited  
to Conference.

WILLING TO DISCUSS TREATY

Senator Watson Especially Interest-  
ed in Shantung Question and  
Will Speak on It.

Senator James E. Watson of this city and Senator Harry S. New of Indianapolis, the other Indiana senator, will confer with President Wilson at the White House, Thursday, regarding the peace treaty and the league of nations, a Washington dispatch announced today.

Soon after his return from France, President Wilson began a series of conferences with republican senators, but recently were discontinued, only to be resumed a few days ago. Both Indiana senators gladly accepted the invitation to talk with the president.

This will be the first meeting of the Indiana senators with the president's invitation and shall give him a respectful hearing. I shall be glad to hear what he has to say about some features of the league covenant," said Senator New.

Senator Watson also expressed his entire willingness to talk over the league question with the president. He will be especially glad to get the President's view on the Shantung question, which is much to the front just now in the senate debates. Senator Watson has been giving much thought to the Shantung matter and a speech he has prepared for delivery, within a few days, will deal largely with that question.

Several educated Chinese have called on Senator Watson to discuss the Shantung matter. They are violently opposed to the treaty provision which gives Japan rights in Shantung.

## RUNOVER BY HAND CAR GLENWOOD YOUTH DIES

Frank Mattingley, 18-Year-Old Sec-  
tion Hand, Receives Badly Mashed  
Foot Which Proves Fatal

HAPPENED EAST OF GLENWOOD

Frank Mattingley, son of the late John Mattingley of Glenwood, died yesterday morning at his home in that place, death resulting from injuries which he received while working on the section of the C. I. & W. railroad a few days before. He had been in a serious condition for the past few days and complications arose after one of his feet had been mashed, being run over by a hand car, while working with the section gang, east of Glenwood.

Young Mattingley was only 18 years of age, and was the sole support of his aged mother. He was well liked and very highly thought of in his neighborhood, and had made his home in Glenwood for a number of years. He is survived by his mother, two sisters, Mrs. D. Pettis of this county and Mrs. Glen Blevins of Fayette county. Funeral services will be held tomorrow afternoon at his late residence in Glenwood and burial will be made in the cemetery at that place.

## BUYS AMERICAN OIL HOLDINGS IN MEXICO

Japan is Taking Over Interests of U. S. Men Who are Not Sufficiently Protected.

### PHELAN ASKS INTERVENTION.

(By United Press.)

Washington, July 30.—Japan is buying up all the oil interests of America in Mexico who want to lease their holdings because they

feel they are insufficiently protected, Senator Phelan, California, declared in an interview today.

Phelan made this assertion in urging this government to take a strong hand to safeguard American rights south of the Rio Grande.

"In view of the critical oil situation and establishment of a policy by Great Britain to absorb the oil of the world both in the United States and out, if possible our government, as a means of natural protection, should take a stand in Mexico and see American interests are protected in the most emphatic and conclusive way," Phelan declared.

## CHICAGO DEATH

LIST-TOTALS 26

Continued from Page One  
licemen were hit by bullets and one or two may die.

Owing to the street car strike the wild element in the population could not so easily get together last night, and no large mobs invaded the "black belt." It was mostly guerilla warfare, but exceedingly bitter. In some cases men would lie hidden along a boulevard and fire on passing cars occupied by members of the opposite race. In others a few whites would assault a building occupied by negroes in the midst of a white neighborhood, dragging forth a victim to a brutal beating. Men slashed each other's throats, shot their fellows from ambush or ran down isolated men and beat them into insensibility and burned and looted houses.

Police drove a mob of several hundred persons from the Sherman hotel, in the heart of the loop district, where it was believed negroes was employed. The hotel, it was discovered, was using white help.

About midnight the torch and the knife joined the gun in adding terror to the black district. Dozens of fires of incendiary origin occurred in districts populated by negroes. Bullets and bricks met police and firemen in several attempts to answer fire alarms. Police reports showed the torch was applied to eleven houses in the west end of the "black belt." In each instance firemen and policemen had prevented any serious injury to individuals or property.

Snipers were at work through the district where most of the fighting occurred. After the shooting of Policeman Ralph Cheney and Jeremiah Murray by snipers, police raided a house occupied by John Dixon, negro. Dixon was arrested after five rifles and considerable ammunition were found in his rooms.

## HENRY IS APPRAISED HIGH

Assessed Valuations Expected to Reach Nearly \$75,000,000

Newcastle, Ind., July 30.—A total of \$13,019,921 was added to the total assessed valuations in Henry county when the assessments of railroads, interurbans, telephone companies, express companies and banks, as made by the state board of tax commissioners, was received by county Auditor McFarland. This in addition to the taxables, brings the total for the county to over \$68,000,000 and with the corporation assessments to be added to this huge sum, the grand total for the county is expected to reach close to \$75,000,000.

The railroads were hit exceedingly hard by the state tax board, receiving the highest assessment ever in the history of the county. The assessment of the railroads totals \$9,634,155 for right of way and rolling stock and \$54,363 for personal property. The telephone companies and express companies were given a total assessment of \$677,818 by the state board.

## FIRST DAY'S CROWD SMALL

President of Evansville College Speaks at E. L. Institute

Bethany Park, Ind., July 30.—Contrary to expectations, there were only 150 members of the Epworth League here yesterday for the opening session of one of the organization's annual institutes in Indiana. However, the attendance was increased by about seventy-five arrivals from the Indianapolis district, and Vincennes, Bloomington, Connersville, New Albany and Evansville later in the day, making 225 members present for the Wednesday classes. The Rev. A. F. Hughes, D. D., president of Evansville college, delivered the Tuesday evening address. His theme was the insurmountable of the gospel, his subject, "Broken Bottles."

## FAVOR ANTI-DAYLIGHT BILL

Washington, July 30.—The separate bill proposing repeal of the daylight saving law, already passed by the house, was reported favorably to the senate Tuesday by Chairman Cummins of the interstate commerce committee, who announced that he would call it up today.

## FARM OF 90 ACRES SELLS FOR \$27,000

Pete Hollowell Place Near Mays Sets Record For County, Averaging \$300 an Acre

### SMALL FARM BROUGHT \$300

What is considered as one of the best farm sales to be made in Rush county for a long time is that of Pete Hollowell to George Lawson, which was closed only recently, amounting to \$27,000 for the 90-acre farm. This makes land sell for \$300 an acre, which is the largest farm to be sold in Rush county at that price. The next largest was the Robert Whaley farm south of Rushville, which consisted of about one-half the size of the Hollowell farm, and it was sold for \$300 an acre.

The Hollowell farm is located in the northern part of the county, near Mays, and Mr. Hollowell will give possession, the first of March, next year. Mr. and Mrs. Hollowell have made no definite plans for the future, but it is rumored that they intend to move to Rushville, after leaving the farm. Mr. Lawson, the new owner, is now a farmer in that vicinity.

tung. Among the senator's callers have been T. H. Hsu and K. King, who were special delegates from the Shantung province to the Paris peace conference. The latter also is the vice-president of the Shantung Provincial Assembly. Their English, however, was so broken that the senator was unable to understand much they said and the interview was not very satisfactory.

However, Ching Ye Tang, a Chinese student attending Columbia University, who called Tuesday, speaks

English perfectly and he presented the Shantung question from the standpoint of the student. He came as a representative of the Chinese Students' Alliance in the United States. His father is the president of a college in China.

**HEARS OF RELATIVE'S DEATH**

Word was received this morning by Mrs. Laura Lewis of the death of Mrs. John McIlree of Washington, D. C. last night. The deceased was forty-nine years of age and was formerly Miss Imogene Lewis, sister of the late Dr. Lewis. Besides her husband she leaves a thirteen-year-old daughter.

enormous expenditures through destruction of trees in various parts of France. He said inquiry was being made into the British government charging \$50 a piece for transportation of American soldiers overseas.

The congressional subcommittee investigating the disciplinary system of the American expeditionary force transferred its hearing to an up-town hotel from Governor's island, where yesterday the committee listened to tales of cruelty to American soldiers while confined in prison camps in France.

Representative Royal C. Johnson of South Dakota, announced that the witnesses for the hearing today had been subpoenaed more than a week ago and intimated that the nature of the testimony would be even more sensational than the stories told by Lieutenant (Hard Boiled) Smith and Sergeant Clarence E. Ball, who are serving sentences at the "castle" on Governor's island on conviction by court-martial of cruelty to prisoners under their charge at farm No. 2.

In addition to Smith and Ball the subcommittee also heard Joseph C. Ryszelewski and Colonel T. Q. Donaldson. Not only did they name Col. E. P. Grinstead of the 158th infantry, and Major-General Frederick S. Strong as being the officers responsible for conditions at farm No. 2, but they also told of generally brutal treatment accorded to prisoners in many other prisons in various parts of France.

Scores of instances of brutal treatment of American soldiers in the prison camps in France, described in some cases as amounting to a system of torture, responsibility for which was placed by the witnesses on high army officers, were related yesterday before the congressional subcommittee which is investigating the disciplinary systems of the A. E. F.

The committee, consisting of Representative Royal C. Johnson of South Dakota, and Representative Oscar E. Bland of Indiana, met in the disciplinary barracks on Governor's island. The third member of the subcommittee, Representative Henry Flood, of Virginia, was not present.

The men "higher up" who were directly accused by witnesses with responsibility for the prison conditions included Brigadier-General W. W. Harts, former commander of the American troops in the Paris district; Major-General Frederick Smith Strong, of the 40th division; Colonel Edgar Grinstead, commander of the 158th infantry and Colonel J. S. Maul of the field artillery.

Canned goods are going higher, canners tell us, without giving reasons, and it will pay every housewife to can or preserve every bit of fruit or vegetables it is possible to obtain.

## The Cost of Building.

There has not been the usual amount of building during the present summer for a reason with which everyone is familiar. Building material, in common with practically every other commodity, has soared in price until it is regarded as next to prohibitive, but even higher prices are in store, according to the best information obtainable, indicating that the person who builds now is wise.

The advance in the price of real estate, which has taken place in the last sixty days, is only a forerunner of further increases, in the opinion of many real estate men conversant with local conditions. It is estimated that more city property has changed hands here in the last six months than has been sold in almost as many years. The fact that houses can be bought much cheaper than they can be built is responsible for the increased real estate business, but many property owners are just now realizing the value of their property and bargains of the sort which have been obtained in Rushville in the last few weeks, are going to be scarce in the future.

Touching on the cost of building material, an editorial in a recent issue of the Saturday Evening Post discloses the trend as follows:

Individuals and industries in this

## Sap and Salt

By BERT MOSES

A milliner tells me that fast women are often the slowest pay.

One way to meet the rising costs of food is to lower your appetite.

The men who get the biggest salaries are those who require the least housing.

To be born with a famous name is nothing; to make a name for yourself is all that counts.

Hez Heck says: "One good thing about marriage is that it puts an end to a lot of practicing on the piano."

The ticket agent who slams down the window in your face will never be remembered when a better job is open.

The biggest expense in any store is a sassy clerk, unless it be a clerk whose breath is suggestive of a sewer.

Country are waiting for an intangible something to happen before they proceed with building operations. According to the Dow Service the nation is forty-six per cent under-built. This same authority believes that "the prices of materials will rule at present levels for the remainder of the year, with total construction from forty to sixty percent of normal."

"By next spring construction work will have a representation of between fifty and seventy per cent of normal, slacking off as the presidential election approaches. By 1922 the condition of construction in this country will have forced a stampede of prices and building work that will be wholly unprecedented."

Of the 6,000,000 laborers in America who could return to their native shores, more than 1,500,000 have gone or are getting ready to go. They are now embarking from New York at the rate of one thousand a week. Skilled laborers who assemble the materials into a building are amply available, but factory workers to carry on the manufacture of sup-

plies are scarce. Yards in New York, for instance, have less than one-third normal supply of lumber on hand. Of more than one hundred brick plants in a famous Eastern district less than seventy will be able to operate at all this year, and of those that do work the output will be not more than fifty per cent of normal. The production of glass and cement in 1919 likewise promises to be on a half-time basis, while most of the country's fabricating steel mills now have less than twenty per cent of their mills capacity contracted for.

All of this forecasts an unparalleled situation in the building markets next year. The natural conclusion is that construction work can be done cheaper to-day than in 1920, or for years to come. The builder can now at least get deliveries, and that will be far from possible when the coming transportation shortage due to lack of rolling stock and motive power becomes a serious reality.

No, the Ohio landlord who voluntarily reduced the rent of his tenants is not a candidate for public office or matrimony. He is just living in the wrong age—an age in which the Golden Rule has been kicked into the discard and forgotten, while greed and avarice have taken its place.

An exchange heads its funny column "Hit or Miss." It is usually a miss.

"Germany has ratified and the world is gratified."—Exchange. And no one is satisfied.

## Watson on Wilson's Message

"The President's message was scholarly and abounded in beautiful phrases, addressed to the heart rather than to the judgment of his fellow citizens and evidently intended for the public rather than the Senate. He did not only seek to illuminate a single one of the disputed points of the covenant and presumably that was the object of his message to the Senate.

"The sentimental reasons for the ratification of the treaty he will doubtless state many times over on his contemplated tour of the country, but we had reason to believe that he would discuss in today's message some of the controverted points.

"He wants to adopt a new order of internationalism at whatever cost. To our independence and says so in express terms. Therefore, he is for this treaty, knowing that it does precisely what he says must be done, namely establish internationalism at the expense of our independent nationalism. He states it in explicit fashion, and thereby issues a direct challenge to all who believe in independent Americanism.

## Our Daily Laugh

New and Bright Yarns That  
Will Tickle You and Will  
be Relished by Your Friends  
When You Repeat Them.

"Mickey" Hoskins, a stormy petrel youth, was in for a reprimand from his Sunday school teacher. He was a mischievous brat.

"Harold," said she, "You must be good. When you are bad the Lord can see. He sees you everywhere."

"Can He see me when I'm bad in the cellar?"

"Yes."

"Can He see me when I'm bad in the settin' room?"

"Yes, Harold."

Harold then demanded to know if his overt acts in garret, bed room, bath room and kitchen were likewise under inspection.

"Harold He sees you wherever you are," said the teacher.

"In our back yard?"

"Yes."

"Can He see me in our front yard?"

"Yes, in your front yard."

"That's a lie! We ain't got any front yard."

A prize of one dollar will be awarded for all funny stories which are accepted for this column. They should be brief and to the point.

"I do not believe in internationalism at the expense of our nationalism and therefore I object to certain features of this treaty because they do destroy to a certain degree our national independence and do transfer a portion of our essential sovereignty to a superstate. He acknowledges that this is the case, but says that he wants it notwithstanding. I am not ready to go that far, and therefore so far as I am concerned, I accept the challenge and shall vote against the treaty as now formulated.

"If we are able to make reservations along the lines suggested by Senator Root, I shall be quite content to vote for the league covenant but, unless some national explanation is made of the monstrous proposition with reference to Shantung and some absolute necessity shown for its incorporation in the treaty, or unless some provision is made for its essential modification I cannot find it in my conscience to vote for the ratification of the treaty even though the league covenant be amended as above suggested.

"I am for a society or League of Nations, or for some kind of an international association that will have a strong tendency to prevent war and preserve peace, and I will go just as far in that direction as I think possible without undermining American independence. Further than that, I shall not go, and believing that the league covenant as at present formulated is open to the fundamental objection, I shall not vote for it without adequate reservations."—Senator Watson in the Indianapolis Star.

## VOTES CONFIDENCE IN EBERT GOVERNMENT

By Large Majority German National Assembly Puts Faith in Men Now in Power.

## DEFEATS CENSOR MOTION.

(By United Press.)

Weimar, July 30—Confidence in the Ebert government was voted by a large majority in the German national assembly today.

By a vote of 243 to 53 the assembly defeated a motion to censor the government, presented by the party of the right.

The bill creating a state tribunal to try persons responsible for the war has reached the special committee which will consider it, it was announced officially today. The tribunal as provided in the bill will consist of prominent German jurists and historians.

## FEDERAL BOARD PUTS PEP IN DISABLED MEN

Private B. is Not Worrying About His Troubles but is Making Them "Non Est"

## DISCOURAGED ARE AIDED

Washington, July 30—It takes a great deal to stump the Federal Board for Vocational Education when it comes to finding something a disabled soldier, sailor, or marine can do.

"A perforated ear drum, valvular heart disease and mitral insufficiency" sound like the last words of the family doctor. A private in the infantry heard this diagnosis with a sinking feeling. He was a machinist, but that trade had to go now, and he wondered how he would ever live on the salary of a watchman. That was the only kind of employment he could get. The Federal Board found him with the will to carry on, but no way, and they provided the way.

It seems that he had a gift for drawing, and he was given a trial course in commercial design in a School of Industrial Arts. The trial course has developed into a regular term, he is doing so well.

A compilation of troubles is not worth worrying about, if you can make them "Non Est" as Private B. is doing.

WANT ADS BRING RESULTS

## SENATORIAL HUMOR

Washington, July 30—Occasional flashes of humor lighten the seriousness of the senate league of nations battle. Here are three stories the league debate is responsible for.

Senator Williams, Miss., was explaining that though the league covenant was not all the United States desired, it was all we could expect under the circumstances.

"Which reminds me of my little girls," he said. "One had straight hair, while the other had curly hair. The straight-haired one was envious of her sister's ringlets, and often used to grumble because her own tresses refused to curl.

One day the curly haired one was grumbling about some fancied hardship, and her sister rebuked her thus:

"Well, you know you can't have every thing AND curly hair."

And Senator Knox, shaking his head over glowing predictions of the way the United States is to lift weak nations from their lowly condition, said:

"That makes me think of the drunkard who was lying in the gutter, unable to rise. Nobody paid any attention to him until another, not quite so drunken, came along, and asked what was the matter.

"I can't get up," said the recumbent one.

"I'll pick you up," volunteered the other, and suiting the action to the word, he tugged and pulled, but succeeded only in toppling himself over.

"Tell you, friend," he said finally, "I can't get you up, but here's what I will do—I'll lie down with you."

Senator Swanson was discussing what will happen to those senators who oppose the league.

"They'll fare like the plowboy," said Swanson. "He was plowing his field when an inquisitive passerby asked him how much wages he received."

"Wages?" said the boy. "I don't get no wages. I get nothin' if I do, and hell if I don't."

## Save Eggs for Next Winter

UNCLE SAM, in the Department of Agriculture Farmers' Bulletin No. 128 and "Back Yard Poultry Leaflet," highly recommends using WATER GLASS EGG PRESERVER.

Water Glass (solution of sodium silicate) is easy to use and will keep eggs from six to ten months and, in some cases, even a year. Simply add water that has been boiled and cooled, 9 parts to Water Glass 1 part. Mix well and pour this solution in a stone jar having the capacity twice the volume of the prepared solution and place in clean fresh eggs, as obtained, being careful not to crack them. Do not wash eggs—it injures them. The solution should stand two inches above the top layer of eggs. Keep covered to prevent evaporation, and store in a cool place. Should any of the solution be lost through evaporation, it may be replaced by the addition of water that has been boiled and cooled.

## NOTES

Fertile eggs keep best.  
Be sure to use a good heavy grade of Water Glass. It should weigh 1 1/2 pounds to the gallon.  
One pint of Water Glass will preserve about 6 dozen eggs.  
Before boiling preserved eggs, prick a tiny hole in the large end of the shell with a needle to keep them from cracking.  
A fresh egg, when placed in plain water, will sink to the bottom and lie horizontal.  
A doubtful egg will stand on end or float.  
A bad egg floats.  
You can save fresh eggs for winter use for 3 cents a dozen.

Water Glass — 25 Cents per Pint

"Your Money's Worth or Your Money Back"

## REVIVAL MEETINGS ARE WELL ATTENDED

Evangelist Makes Earnest Appeal  
Tuesday Night For Everyone to  
Get Free of Sin.

## TWO "PRISONERS" CAPTURED.

The interdenominational evangelistic campaign meetings being held at the Salvation Army is being well attended. A good crowd turned out to witness the second drive by the forces of Christ against the enemies

of the Cross, an announcement from Captain Trench says today. It continues:

"There was a real shout in the camp and every soldier of the cross felt sure of victory.

"The evangelist used for his text, 'Let Us Lay Aside the Every Weight and the Sin Which doth so Easily Beset us'.

"He made an earnest appeal for every one to get free from the bondage of sin. At the close of the drive two prisoners were captured. The enemies had a number in wounded.

"Meeting tonight at 7:30 o'clock in the glory room, and at 8 p. m. in the big room. All are welcome".

## HOSTILITIES BEGIN AT 8:30 O'CLOCK TONIGHT

Summer Festival, Offspring of Old  
Carnival, Will be Given by Men  
of St. Mary's Church

## OLD FEATURES ARE REVIVED

For many years the carnival conducted by the men of St. Mary's congregation has been the high spot in summer festivities in Rushville, but due to the war, it was discontinued last year. In its place this year, there will be a summer festival, tonight and tomorrow night, which will include most of the enjoyable features of the carnival.

The Odd Fellows band will give a complete program each night, the repertoire extending from the classical to the jazz. Cool, refreshing drinks will be set forth by the "white apron brigade," in charge of Owen McKee, Jr. The young ladies of the Sodality will dispense ice cream and cake, with cones for those who want 'em. At the "Ham tree" the succulent California ham can be obtained for an insignificant expenditure of currency. At the ladies' exchange, delicious eatables will be put out at a price that will remind you of the days before the H. C. of L. came into fashion. The fancy booth will contain many articles of plain and fancy needlework.

Tom Ansherry will be on the job at the "Baby Rack," where, "If you knock down one you get one cigar, two you get two, etc." For the inner man there will be a lunch stand managed by the McCoy sisters, with Jim Mullins doing the heavy work. Festivities commence at 8:30 o'clock.

## RAIL VALUATIONS ALMOST TRIPLED

Continued from Page One  
77.41 miles of rolling stock at \$515,800 and improvements at \$16,080, making a total of \$2,958,560, which, together with the \$426,926 assessment against the I. & C., makes the rail and interurban total \$3,385,486 as compared to \$1,406,340 last year. The Indianapolis & Cincinnati Traction company will pay taxes on property valued at \$426,926 next year. The first main track amounting to 18.73 miles, assessed at \$15,000 a mile, is valued at \$280,950. The second main track is valued at \$18,200, 1.82 miles being assessed at \$10,000 a mile. The 1.26 miles of siding are assessed at \$4,000 a mile, making the valuation \$5,040. Rolling stock is valued at \$22,476, being assessed at the rate of \$1,200 a mile for 18.73 miles. Improvements along the right-of-way are valued at \$100,260.

The improvements are assessed as follows: Glenwood station \$150, hand-car house \$75 and shelter house \$30; three shelter houses in Union township, \$90; Arlington station \$1500 and handcar house \$75; four shelter houses in Posey township, \$120; in Rushville township, four shelter houses \$120, two handcar houses \$150 and coal storage at Helm's stop \$300; Rushville

city, power house \$60,000, car barns \$30,000, freight house \$3,000, oil house \$150 and general office building, \$4,500.

The American Railway Express company is valued at \$120 a mile for the 95.81 miles in the county and the Pullman company at \$650 a mile for 18.78 miles. The valuation on the Postal Telegraph Cable company is \$100 a mile for 217 miles. The Western Union Telegraph company is assessed at \$140 a mile for 316 miles.

Valuations of telephone companies follow: Central Union, \$140 a mile for 340.34 miles; Arlington Telephone company, \$50 a mile for 368 miles of line; Beech Valley Rural Telephone company, 450 miles at \$140 a mile; Decatur County Independent Telephone company, 250 miles at \$80 a mile; Falmouth Mutual Telephone company, 64 miles at \$75 a mile; Independent Telephone company, 96 miles at \$60 a mile; Knightstown telephone company, 55 miles at \$50 a mile; New Salem Telephone company, 96 miles at \$55 a mile; Orange Mutual Telephone company, 110 miles at \$75 a mile; Pleasant View Telephone company, 4.5 miles at \$150 a mile; Ripley Farmers Co-operative telephone company, 374 miles at \$85 a mile; Rushville Co-operative Telephone company, 480.5 miles at \$240 a mile; Spiceland Co-operative Telephone company, 104 miles at \$100 a mile; Waldron Telephone Exchange, 41 miles at \$70 a mile; Jewett Telephone System, 40 miles at \$15 a mile.

The C. I. & W. railroad holdings in the county are assessed at \$868,090, divided as follows: first main track, 18.41 miles at \$40,000 a mile, \$736,400; side track, 2.75 miles at \$6,000 a mile, \$16,500; rolling stock 18.41 miles at \$6,000 a mile, \$110,450; improvements, including stations, \$4,730.

The C. C. C. & St. L. property is valued at \$543,340 as follows: first main track, 14.30 miles at \$30,000 a mile, \$429,000; siding, 3.44 miles at \$7,000 a mile, \$24,080; rolling stock, 14.30 miles at \$6,000 a mile, \$85,800; improvements, \$3,210; rolling stock over one quarter of a mile of L. E. & W., at \$5,000 a mile, \$1,250.

The Fort Wayne C. & L. is valued at \$233,430, divided as follows: first main track, 12.87 miles at \$15,000 a mile, \$193,050; siding, 1.32 miles at \$5,000 a mile, \$6,600; rolling stock, 12.87 miles at \$4,000 a mile, \$51,480.

Total valuation of the P. C. C. & St. L. (Columbus division) is \$73,700 as follows: first main track, .43 of a mile at \$150,000 a mile, \$64,500; siding, .04 of a mile at \$15,000 a mile, \$600; rolling stock, .04 of a mile at \$20,000 a mile, \$800. (Cambridge City division)—first main track, 20.51 miles at \$30,000 a mile, \$615,300; siding, 1.68 miles at \$7,000 a mile, \$11,760; rolling stock, 20.51 miles at \$10,000 a mile, \$205,100; improvements, \$2,150; total, \$834,310.

THE UNIVERSAL CAR

Most of the Gas Companies throughout the country use a fleet of Ford Runabouts. The same is true of other big corporations. The reasons are very practical. The Ford Runabout is the most economical solution of quick transportation from manufacturer to retailer. For soliciting business, for the Collector, for the Doctor, Contractor, Builder, and almost every other line of business activity, the Ford Runabout is really a necessity. We solicit your order for one or more. We ask your repair business. We would like your motor accessory business. We can serve you, we believe, to your best advantage.

**When Feeding Hogs**  
Have you tried  
**SWIFT'S TANKAGE?**

Practically every one of the county's biggest hog raisers are now feeding it.

If these men think enough of Swift's Digester Tankage to feed it the year round, is it not worth your while to give it at least a trial?

Judging from results, you will find it to be the best and cheapest of all hog feeds.

Corn and other farm grown feeds and Swift's Digester Tankage make an ideal ration for hogs.

**Pigs Get Worms Very Young**

The time to commence feeding Acme Worm Bouncer is from the time they are old enough to eat. Feed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than to let them get worms and then expel them.

Mrs. William Mulino entertained at her home in North Jackson street last evening with a six o'clock dinner party, honoring several out-of-town guests. The guests included Mrs. Charles O. Warfel and daughter Luciene and Mrs. Elmer War-

fel of Connersville; Mrs. D. D. Pitman and daughter Neva, of Houston, Texas; Mrs. Alice Bennett of Chicago and Mr. and Mrs. Will Bennett and daughter Alice Frances of this city.

The Marian Social Circle will meet tomorrow afternoon at the home of Mrs. Ed Bishop. She will be assisted by Mrs. Joe Buschmohle.

The Pythian Sisters will have a call meeting tonight for practice work. All officers and members of the degree staff are urged to be present.

The regular meeting of the Ladies Aid society of the First United Presbyterian church was held yesterday afternoon at the home of Mrs. S. H. Tabue in West Seventh street. The average number of members were present to enjoy the regular program and business session.

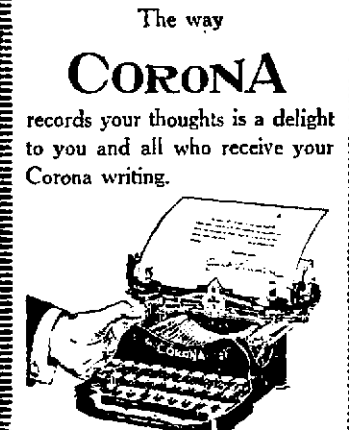

Miss Charlotte Crain, of Lafayette, Ind., and Ozzo Hoard of this city, were quietly married Saturday at the home of the bride's parents in Lafayette. They will reside at the home of his parents, Mr. and Mrs. William Hoard, in this city.

Mrs. Robert Powell had as her dinner guests yesterday, Mrs. J. C. Howes and children, Max and Francis, of Muskegon, Mich., and Mrs. Boon Gilson and Mrs. Joe Caldwell.

The dance which will be given tonight at the Modern Woodmen Hall promises to attract quite a number of out-of-town guests, and will be well attended. Mitchell's Jazz orchestra will furnish the music, and the dance is to be given by Paul Root and Fred Osborn.

### Lace Mitts Like Grandma Wore

By MARGARET ROHE  
(Written for United Press.)

Oh mitt of lace, so old and quaint Again on hand to-day.

We welcome you with open arms, Omit all gloves, we say.

New York, July 30.—Madame La Mode has thrown down the gauntlet. In Paris they are going in, or perhaps I should say coming out, strong for bare arms, as well as bare legs. With her skirts nearly up to her stockingless knees and her sleeves nearly up to her gloveless shoulders, the petite Parisienne is a bare-faced advocate of extreme décolleté. She is caught bare-handed at the most fashionable of functions. She has said "Off with the gloves", and there is no kidding about it—not even undressed kid.

On the other hand, though American fashion has always been hand in glove with Parisian mode, we will show our more conservative tendencies by stripping off our gloves, it is true, but not stripping our arms entirely. We treat our arms as we do our nether limbs and wear them, not bare this season, but barely covered in lace mitts as sheer and openwork as our hosiery.

Lace mitts, like Grandma used to wear when Grandpa took her to tread a stately minuet, will now be donned by granddaughter when some grandson takes her to a jazz accompanied shimmy.

On black or white silk lace or real lace these old style mitts are really lovely and fitting accessories to the new old-fashioned frocks of organdie and taffetta, topped off with a floppy Romney leghorn or a coquetish Kate Greenaway bonnet.

Omit the mitts and quaint wrist bows of narrow black velvet ribbon or heaps of bracelets do their bit to clothe an otherwise nude arm.

It was only to be expected that bracelets should return to favor when the short sleeve appeared. Dame fashion had them up her sleeve all the time, but they only came to the sartorial surface when

public that constantly demands honest merchandise. It is through the advertising columns that you get in touch with such straightforward manufacturers.

Consistent advertising is pretty clear evidence of trustworthy quality. The futility of advertising poor quality was realized long ago.

A few minutes' daily reading of the advertisements brings the knowledge so necessary for careful buying.

her sleeves were shorn. Now where glove makers repine, jewellers rejoice. They hasten to comply with alacrity and with the novelties when lovely woman hold out suppliant arms pleading to be loaded with gold and gem-encrusted shackles—not overlooking a platinum shackle or two by way of diversity.

Old fashioned wide bracelets of onyx and jet are stunning with fluffy summer dresses and the curved coral and cameo bracelets of long ago are greatly in demand.

Our right hand may not know what our left hand is doing, but our ears and neck seem to know. For even as we lend a hand to make the bracelet fashionably secure, it follows that we must lend an ear or two from which to dangle matching old fashioned earrings of onyx, jet, coral and cameo to go with our bracelets.

Bare throats then stretch out for their share of spoil and must needs complete the set with lockets, of cameo, coral, jet, or onyx, swaying on a length of narrow black velvet

or grosgrain ribbon. And for all this the peeling off, or repealing of the glove, is answerable. Not content with a remittance of mitts, the bracelets are snapped on our wrists and it ends, as usual, by our getting it in the fashionable neck.

The Young Ladies and the Young Men's Bible classes of the Little Flat Rock Christian church will have an ice cream festival in the Auditorium at New Salem, on Friday night.

## YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

## HAND GRENADE BANKS WILL BE GIVEN HERE

Local Banks Will Order Supply Bearing Their Own Name and Give Them as Souvenirs

FOR THE SCHOOL CHILDREN.

Several hundred Indiana banks have written to the Federal Reserve Bank in Chicago asking for supplies of hand grenade banks to be distributed among the school children as inducements to save, according to announcement today by William B. Bosworth, Executive Secretary, of the Seventh Federal Reserve District Savings Organization. The banks will buy the hand grenades, with tags attached bearing the name of the individual bank, and use them as advertising souvenirs. Children under twelve years who save enough money to buy at least one War Savings Stamp during the summer will be entitled to the hand grenade banks. Children over twelve

must save enough to buy two War Savings Stamps. Local banks will distribute the hand grenade banks.

Mr. Bosworth announced that banks will be expected to get their orders in by August 1st. When the banks have been supplied, the hand grenades will be provided for industrial establishments that have organized War Savings Societies. The members of these societies will be required to buy a certain number of stamps before they are entitled to hand grenade savings banks.

### C. R. HOFFMAN SAILS

Curtis Ray Hoffman, son of William Hoffman of Orange, who is well known here, is believed to be on the way home because of the announcement of the sailing of the 6th regiment of Marines for American shores. He is a member of a company in the Sixth.

### Putting His Foot in It.

Teacher to Johnny, sitting at his desk chewing gum and with his feet sprawling out on the floor—Johnny, take that gum out of your mouth and put your feet in!

## SECURITIES TAKEN FROM THE GERMANS

Treasures With an Estimated Value of Many Millions Have Been Smuggled From Germany

MUCH PROFIT MADE TOO

The Government is Not Seeing That No Great Sums Slip Over the Boundary Lines

By CARL D. GROAT  
(U. P. Staff Correspondent.)

Berlin. (By Mail).—Switzerland and the Scandinavian countries at present house a vast treasure in German and Austrian securities.

Berlin. (By Mail).—Dr. Friedmann, who stirred America up a few years ago, with an alleged cure for tuberculosis, is again in the limelight. His "cure" has come up for consideration in the Prussian assembly and is exciting considerable comment. Efforts are being made to have the government adopt his treatment and to make it available to the populace.

Their worth can only be guessed, but it is estimated that they run into many millions of dollars.

These securities have been smuggled out of Austria and Germany against the time when their owners

# Public Sale of 159-Acre Farm —AT AUCTION—

The undersigned will sell at Public Auction, 159 acres, known as the late Cyrus W. Ball Farm, located 7 miles northwest of Rushville, four miles northeast of Arlington, one mile west of Henderson, one mile south of Farmers Station.

Auction to be held at No. 1 School House, Posey Township, Rush County, Indiana:

**Wednesday, August 6, 1919**

SALE TO COMMENCE AT 2:00 O'CLOCK P. M. Described as follows:

East one-half of northeast quarter, less school house ground, 79 acres, and east one-half of south-east quarter, 80 acres, Section 8, Township 14 north, Range 9 east:

## Two Farms

You will note from this description that this is a long quarter section that can be divided, one farm of 80 acres and one of 79 acres; about 10 acres timber, and deep well on each; both laying on gravel roads, close to elevator and shipping points, churches and schools, and under high state of cultivation; every acre level, well ditched and clear of stumps; sugar tree and burr oak land. There is a fine stand of young clover on 46 acres, as clover has always been rotated with corn and wheat. Possession given September 1st, including one-half of 66 acres corn, to be gathered, and 23 acres of clover for seed, subject to all rights of present tenant.

## Terms of Sale

Ten per cent of purchase price to be paid at sale on contract signed by parties. Balance to be arranged for within ten days. Twelve months' time with interest at 6 per cent on one-half purchase price, or all cash as desired.

**MRS. SARAH E. BALL**

A. L. GARY, Attorney.

DUSTY MILLER, Auctioneer.

# A Guarded Milk

From Inspected Cows—From Sanitary Dairies

## Safe and Sterile

Van Camp's Milk comes from healthy, high-bred cows—cows selected for vitality.

The dairies are sanitary. The cows are constantly inspected.

Then, too, the milk is sterilized after sealing. It comes to you germ-free. The dangers which lurk in ordinary milk are absent in Van Camp's.

## Costs Less Than Bottles

Van Camp's is rich whole milk, reduced by evaporation to the thickness of thick cream.

Right after milking it goes into a vacuum. More than half the water is removed there by low heat. Nothing is added, nothing subtracted, save water.

You can use it as cream in your coffee or ice cream. If too rich dilute it somewhat. When you use it as milk, dilute it at least one-half. When you use it for cooking, dilute it still further.

\* \* \* \* \*

It costs less than bottled milk. Great economy comes in saving waste. You have small cans and large cans to open as you need them.

High milk bills come through guessing on your wants. You often get too much. With Van Camp's you never have a shortage, never an excess.

## Get the Van Camp Grade

Our experts have worked for twenty years to produce the best milk in America. Compare it with other grades of milk in bottles or in cans.

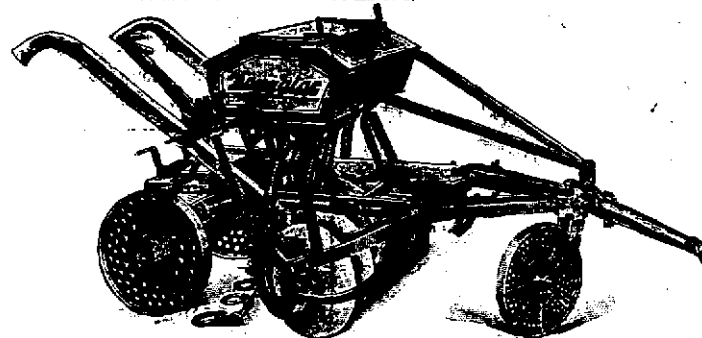

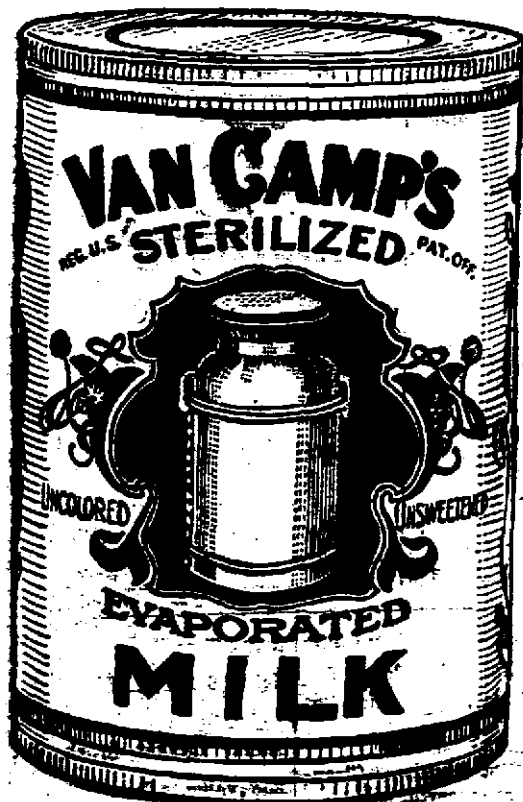

See the results of our care and skill. Order Van Camp's from your grocer now.

**Van Camp Products Co.**  
Indianapolis, Ind.

## Van Camp's Milk

The finest milk produced in America. A sterilized milk from high-bred cows. From inspected cows. From sanitary dairies. The result of 20 years of expert effort to produce a Super-Grade.

"The Cow in the Pantry"

## Dowagiac Steerable One-Horse Disc

The front wheel is a caster wheel permitting a short turn without lifting the drill and making steering between crooked rows easy.

The feeds are chain-driven from the axle of the two rear wheels which have ratchet hubs making both wheels drivers.

The Dowagiac five disc is self-guiding. It trails so perfectly that when the horse is driven midway between the corn rows the driver need not touch the handles and at the ends of rows the drill follows the horse in making the short turn. Each disc has independent up and down motion with spring pressure—the only way for uniform depth on uneven ground. With the convenient lever all discs are lifted when turning or transporting the drill to and from the field.

COME AND SEE THEM BEFORE YOU BUY.

### CHAPLAIN TO SPEAK

First Lieutenant J. T. Scull, who was in the service overseas for ten months as a chaplain, is visiting home folks in Orange township and will speak at Gowdy next Sunday morning at 10:30 o'clock. While in France he was given fourteen days leave of absence and spent the time visiting the battle fields of northern France and Belgium.

### TO HAVE WAR HISTORY

Columbus, July 30.—Bartholomew county is to have a War History. Part of the introduction is written and the work of compiling data for the remainder is progressing rapidly. A roster is also to be written for which returned soldiers are urged to furnish data and comments regarding the war.

## GERMANY TRYING TO IGNORE THE WAR

Is Seeking to Pick up Just Where She Left Off in July 1914, in Every Activity

### SPY SYSTEM TURNED OVER

Strange Stories Have Reached Paris Regarding Goings-on of Agents of Socialist Republic

(By United Press.)

Paris. (By Mail).—Germany is seeking to pick up just where she left off in July, 1914, and politically, industrially, commercially and economically is trying to act as though the war had never been.

Brazil, the Argentine, and all South America may well keep their eyes trained on what is left of the German Empire, for strange stories have reached Paris regarding the goings-on of agents of the new Socialist Republic.

1. They are colonizing Spain as rapidly as they are able.

2. They are buying up land and obtaining various kinds of options in Holland.

3. They are seeking to spread Bolshevik propaganda throughout Allied and friendly countries, using Switzerland as a base.

4. In the Argentine and elsewhere south of the American Equator, they are seeking a foothold in most insidious fashion.

The entire spy organization which existed in Switzerland during the war and which served as the instrument of the German General Staff, has been turned over to the new German government, lock, stock and barrel and now, after a period of inaction, is busier than ever on their new scheme.

Count Brockdorff-Rantzau once said that Bolshevism is a splendid "article of export" for Germany. The organization in Switzerland is attempting that very thing—to export Bolshevism.

"Le Matin's" correspondent telegraphs to his paper that he is in a position to state that a conference was recently held in Zurich at which were present:

Lieutenant Schloss, well known for his work during the war as one of the chiefs of the "Special Service" attached to the Imperial German General Headquarters; a secretary of the German Legation in Bern; the famous Maroun, former Consular Agent in the German service at Agadir, who, throughout the duration of the war, was active in behalf of the German General Staff among the peoples of Islam; the Bolshevik agent, Aaron, an Israelite, naturalized Brazilian; a former Bulgarian agent, named Cohen, married to a French woman.

"This organization," says the correspondent, "has at its disposal a large amount of money. It is known that the funds of the Unionist band of Enver Talaat, transferred to Switzerland, amount to more than a hundred million francs. To this must be added funds from

both the Bolsheviks and the Germans.

"The attention of Aaron is directed principally in the direction of Italy.

"The Islamic propaganda is aimed rather against Algeria and Tunis.

In short, the government of Scheidemann is continuing the same methods and is practicing the same game of political intrigue as the old Imperial government."

Similar stories have reached France from Spain. The old spy system is in full swing today trying to turn the present political situation in that country to the Teutons' advantage.

Special correspondence from Amsterdam declares that Holland is being absolutely invaded by Germans. "German salesmen," the special correspondent of a Paris paper declared, "are pouring into Holland just as before the war. On one page of an important local daily newspaper I counted ten German advertisements out of a total of 14."

"During the war," the same writer continued, "the Germans bought the principal sites in large cities for the purpose of putting up cinemas and theatres. And when a Dutch subject opened an exposition of an international character where samples of commercial products were to be exhibited the year round, a German immediately offered to buy up all the space for 50,000 florins so that he might control the exhibits."

South America is not going to escape German influence. Every indication is that the Germans are only waiting until the ink is dry on

the peace treaty before making a start in that direction. A dispatch dated from Coblenz, American Army Headquarters, reads: "Letter after letter is passing through the hands of the American military censors telling of the intentions of many Germans to emigrate to South America. Seldom is any mention made in any of them of plans to go to the United States."

### OPERATION PERFORMED

Mildred Wilson, daughter of Mr. and Mrs. Frank Wilson, of near New Salem, was operated on this morning at the Dr. Green hospital, for the removal of her tonsils.

### LIVERPOOL STRIKE ENDED

Liverpool, July 29 (By the Associated Press).—The strike of dock workers has been settled. Work was resumed today. The strikers regard the settlement as greatly in their favor.

### NON-RESIDENT NOTICE

State of Indiana, Rush County, ss: David C. Compton vs. Roland Carr et al. No. 1852.

Now comes the plaintiff, by Thomas M. Green, attorney, and files his complaint herein together with an affidavit that the defendants, Roland Carr, the unknown heirs, devisees and legatees of Roland Carr, R. T. Carr, the unknown heirs, devisees and legatees of R. T. Carr, Roland T. Carr, the unknown heirs, devisees and legatees of Roland T. Carr, Julia A. Carr, wife of Roland Carr, the unknown heirs, devisees and legatees of Julia A. Carr, wife of R. T. Carr, the un-

known heirs of Julia A. Carr, wife of R. T. Carr, Julia A. Carr, wife of Roland T. Carr, the unknown heirs, devisees and legatees of Julia A. Carr, wife of Roland T. Carr, Roland S. Carr, the unknown heirs, devisees and legatees of Roland S. Carr, Martha E. Carr, the unknown heirs, devisees and legatees of Martha E. Carr, wife of Roland S. Carr, Elizabeth Ross, are not residents of the state of Indiana, and that their place of residence is unknown to plaintiff and that diligent inquiry has been made to ascertain the place of residence of said defendants, but that said inquiry has not disclosed same, and that said named defendants are necessary parties to plaintiff's said cause of action.

That said complaint so filed is for the purpose of plaintiff's title to following described real estate in Rush county, Indiana.

Beginning eighty-seven feet and four inches west of the northwest corner of the intersection of Harrison and Third streets in the City of Rushville, and running thence west along the north line of Third street eighty-two and one-half feet to the alley; thence north one hundred and sixty-five feet;

thence east eighty-two and one-half feet; thence south one hundred and sixty-five feet to the place of beginning; being a part of seminary lot, and a part of the east half of northeast quarter of section six, township thirteen north, range ten east.

A notice is therefore given to said defendants, named herein that unless they be and appear on the 7th day of the next term of the Rush Circuit Court to be held on the 1st Monday

of September, 1919, at the court house in Rushville, in said county and state and answer or demur to said complaint, the same will be heard and determined in their absence.

Witness my name and seal of said court affixed at Rushville, this 16th day of July, 1919.

GEO. B. MOORE, JR.,  
Clerk Rush Circuit Court.  
Thomas M. Green, Attorney.

TRY A WANT AD

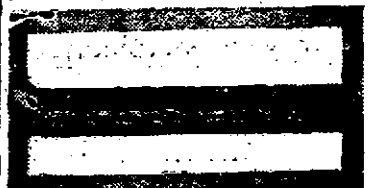

**They Canned Last Year  
Now You Can This Year**

U. S. DEPARTMENT OF AGRICULTURE

Spoilage of canned goods has been frequently traced to the use of poor rubber rings. The fruit or vegetable canned may be fresh from the garden, the jars and tops may be perfect and absolutely clean, the processing may be done in the right

Four Inches of Ring Should Stretch 10 and Then Return to Original Length

way for the right length of time, but if the rubber rings are not reliable, much of the good work goes for naught.

The very best quality of rubber ring is needed by the housekeeper

**CHILDREN**

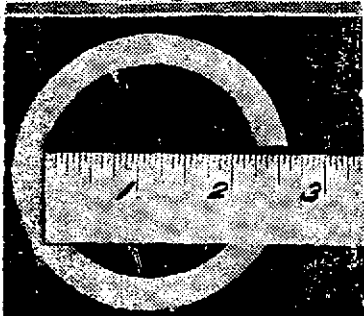

Should not be "dosed" for colds—apply the "outside" treatment—

**VICK'S VAPORUB**

"YOUR BODYGUARD"—30¢ 60¢ 90¢

who uses any method of canning in which the ring is heated with the jar and its contents. If the rubber ring develops imperfections after it has been heated the required time, it is necessary to replace it and again process the jar. Canning demonstrators of the United States Department of Agriculture have been studying the requirements of a good rubber ring in order to eliminate this cause of canning trouble.

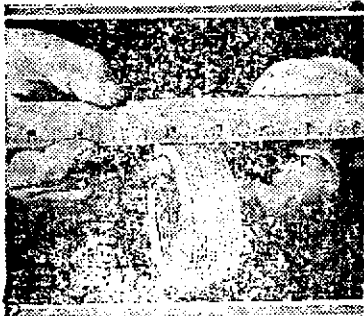

Tests of thousands of rings disclosed that color, notwithstanding popular opinion to the contrary, has nothing to do with the quality or strength of the ring.

Diameter of Standard Ring, 2 1/2 Inches

A ring should be able to support a weight of 13 pounds without breaking, and an easy way to test them is to lift that weight by a ring. If scales are available, place a pail on them and pour in water until the pail and contents weigh exactly 13 pounds; or the 13 pounds may be approximated by putting 13 gallons of water in an ordinary 12-quart tin pail.

Adjust the ring on the wooden handle and, by using a wooden spoon, slowly lift the pail from the

12 Standard Rings Measure 1 Inch

table. A good ring will support the pail without breaking. To make a perfect seal, rubber rings should possess elasticity enough to take up the unevenness of the jar and cover, and be strong enough to resist cutting when the seal is made. A ring which cannot be folded and pinched without breaking is useless for canning by methods in which the ring is heated (processed) with the jar and contents.

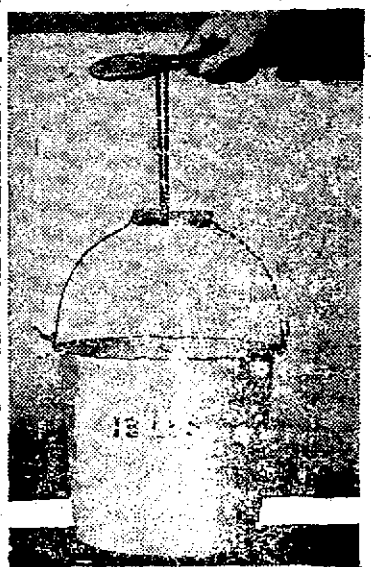

A section of a good rubber ring can be stretched to 2 1/2 times its original length. Take a section of a ring about 4 inches long, and using either a pair of mechanical clothes pins or the thumbs and index fingers, grasp the section of the ring at points 4 inches apart. Slowly stretch it. A 4-inch section of a good ring will stretch to 10 inches without breaking. Elasticity is even more important than thickness in taking up the unevenness of the jar and cover. A ring which has the requisite elasticity can be stretched considerably and it will return immediately to its original length.

(Right) Worth While Rings Do Not Break; (Left) Poor Ring Which Broke in Same Test

Rings must be of sufficient thickness to indent without cutting. The tests show that one-twelfth of an inch is sufficient; that is, 12 rings stacked should measure an inch. The width of the ring or the flange may vary from one quarter to three-

eighths of an inch. The tests have shown that fewest "blow-outs" occurred with rings five-sixteenths of an inch wide. For standard jars the inside diameter of the ring should be two and one-quarter in-

Good Rubber Ring Supports 13 Pounds

ches. It should fit closely, requiring a little stretching to get it around the neck of the jar.

A few minutes spent in testing your rubber rings before you begin canning may save hours of work and perhaps much disappointment later on.

Amusements

First Episode Thursday.

Mothers are handy persons to have around, on the screen as well as in real life. Elmo Lincoln, the famed star of "Tarzan of the Apes," will bear witness to this.

Lincoln is the star in the Universal serial, "Elmo the Mighty," the opening episode of which will be shown Thursday at the Mystic Theatre.

In making the second episode Lincoln was called on to remain in the water of an icy mountain brook for twenty minutes, with very little clothing on, as he was supposed to have just emerged from a terrific fight.

When he came out, Lincoln, despite his powerful physique, was numb and shivering. He does not use liquor, however, and refused any sort of stimulant until Virginia Craft, who plays the part of his mother in the serial, appeared with a steaming pot of coffee.

"There's no one like your mother," sang Lincoln, as he dashed toward the life-saver.

The action of "Elmo, the Mighty," centers about the efforts of Capt. Elmo Armstrong, a leader in that picturesque band of men of action, the Forest Rangers, to square the name of Richard Gray, manager of a Western lumber and milling syndicate, who has been accused by crooked members of the company of defrauding the government out of a vast amount of money in false tie contracts.

Gorgeous Costumes

In a gorgeous jewelled costume beautiful Alice Brady does a most striking Oriental dance in her latest Select Picture, "Redhead" which Shows tonight at the Princess.

Miss Brady is a dancer as well as a screen star and a stage celebrity, which she gives film patrons an excellent opportunity to discover in this latest picture. Clad in one of the most beautiful dancing costumes ever seen on the screen (or off) she goes through a series of weird, oriental movements with all the languid grace of which she is capable. Her costume of jewelled spangles, consisting of a breast-plate and a full-skirt slashed to the knee, accentuates the beauty of her form and the liteness of her movements.

"Redhead" is one of the best pictures Miss Brady has appeared in for some time. It affords her an excellent role for which she is well adapted—that of a cabaret girl, who marries a son of the idle rich one night, when he is under the influence of liquor. She soon regrets her mistake. Her life is a hard one, full of the petty cares which a household is bound to assume—especially when there is very little money in it and the lord of the house is determined to dislike his lady. But every cloud has a silver lining and well—see "Redhead."

## Simple Operations Fitted Together

The business of Swift & Company is the fitting together of many simple operations.

No one thing in a packing business is particularly difficult for men trained to do it; but no one thing is enough.

Thousands of other operations, properly performed, are necessary for the completed processes. And someone must fit together all these thousands of simple operations.

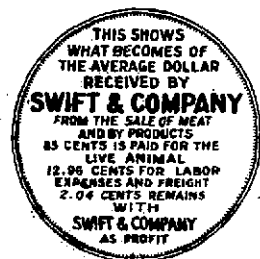

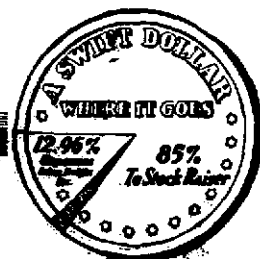

The success with which a packing business performs its function of supplying the best possible meat products to the consumer with the greatest possible benefit to both him and the producer depends upon the energy, brains, experience, and faithful effort of the men trained in the business.

Swift & Company turns the producer's live stock into meat for the consumer at a profit of only a fraction of a cent a pound, because it fits these operations together with the least waste, overlapping, and friction.

Do you believe government direction could do better?

Let us send you a Swift "Dollar". It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

Swift & Company, U. S. A.

## WANTED Horses and Mules

I will be at the Geo. P. Smalley stables in Rushville on

Monday and Tuesday, August 4th and 5th, to buy a car load of horses, mares and mules. They must be fat and ready for market. If you have horses or mares with speed bring them in.

Also would buy a few Ponies.

**Financial Independence Thru Home Building**

THE habit of thrift, started in many cases by war savings, may be made permanent through the buying of homes.

With your Liberty Bonds as collateral you can start building at once. Later payments will mean enforced saving for several years, but the goal is a home paid for, further investments in good securities and finally, financial independence.

Of course, you'll want to build well and to suit your own needs. It's our business to help you—show you plans, suggest the most economical materials and recommend a reliable contractor.

There's no obligation in consulting us.

**937 PERSONS VIOLATE LAW**

Statistics Show That Number Arrested Since State Went Dry

Indianapolis, Ind. July 30—Hoosiers of wet inclinations and dry throats violated the Reed Prohibition amendment to the federal constitution promiscuously since Indiana "went dry" according to figures, compiled today at the office of the United States district attorney.

Since April 2, 1918, indictments have been returned against 937 persons and the sentences of those found guilty aggregated approximately forty-eight years. Of this number of defendants, 577 pleaded guilty, 25 were found guilty when tried, eight were acquitted and the indictments against 58 well nolle prossed. The remainder either have not been arrested or are waiting trial.

**WILL TREAT SEED WHEAT**

Bartholomew County Will Establish a Treating Station Soon.

Columbus, Ind., July 30—Bartholomew County Farmers' are planning to establish a seed-wheat treating station at Columbus. The efforts of the station will be directed principally against the loose smut or "black head" and the hot water method will be used to eradicate the disease.

It is planned to treat wheat for sowing this fall, and as there is little time to spare, work on the project probably will be started immediately.

It is estimated the quantity of diseased wheat this year is greater than ever before.

Courses of instruction in sugar manufacturing and life insurance salesmanship have recently been arranged for disabled soldiers by the Federal Board of Vocational Education.

### WHEAT DISEASES UNDER CONTROL

Department of Agriculture Believes That Flag Smut and Take-all Are Properly Cornered

**MUST NOT STOP FIGHTING**

If Once Eradicated it Probably Will Never Find its Way Back From Outside Sources

Washington, July 30.—Indications are that the two dreaded foreign foes of wheat, flag smut and take-all, will not become widespread in the United States. The United States Department of Agriculture announces that the two States where these diseases appeared, Indiana and Illinois, have taken steps that will prevent the spread of the diseases from the infected fields and that should wipe out in a few years the infection in

fields where it exists. Indiana officials came to the recent hearing in Washington with adequate safeguards already placed. Shortly after the hearing, Illinois established similar safeguards. All the infected wheat in both states is under control and will be disinfected before any use whatever is made of it. All straw and stubble are to be burned, thrashing machines are to be thoroughly disinfected, and no wheat is to be grown in infected areas for several years.

Under these conditions full confidence is felt that neither of the diseases will spread from the diseased areas in Illinois and Indiana. That does not mean, however, that the fight against flag smut and take-all is over. It is possible that one or both of the diseases exist this year in places where they have not been recognized. There is, however, no great probability that this is true. The Department of Agriculture and its cooperating agencies have been diligently on the lookout for these two diseases all summer and have found no evidences of them except

in the two areas. Both flag smut and take-all occur in Illinois and only take-all in Indiana. The experts, however, realize the possibility that some infested spots may have escaped observation, and it would not be surprising if diseased fields are found elsewhere next spring.

In the meantime, there will be no let-up in the work of preventing either of the diseases from getting a real foothold anywhere in the United States. The Federal Department is working with the authorities of Illinois and Indiana, giving them every possible aid. Its pathologists are energetically studying the diseases, and its representatives are searching the country over to make certain whether or not there are other infested areas and to see that effective measures of control are available if any such areas are discovered.

The cooperation of State authorities is essential in order to prevent hardship if further infestations should be discovered. Only the prompt action of Indiana and Illinois prevented the placing of a quarantine against all the wheat in those

states, a measure which would have meant hardship, not only to all the wheat growers in the two States, but to dealers, millers, and consumers. Even prompt State action will be desirable if either of the diseases is found later to exist in any other State.

Neither of these diseases is likely to find its way into the country again from outside sources. The Department of Agriculture has established quarantine regulations against all the rest of the world in which either of the diseases exists. No small grain can come in for any purpose unless it has been thoroughly sterilized with steam heat. It is the purpose of the department, say its officials, to make the clean up of these plant plagues as thorough and as prompt as it did the foot-and-mouth disease of animals a few years ago.

LONDON—\$8,772 demobilized army horses have been sold by the British War Office for just over \$16-000,000, an average of \$187 apiece. 4,220 mules averaged \$96.

### SHELBY WILL ERECT COMMUNITY BUILDING

Will be Dedicated to the Memory of the Men Who Fought for County in the War.

**MANY PLACES HAVE THEM.**

Shelbyville, Ind., July 30.—Memorial buildings from all indications gathered thruout the state are meeting with great favor among the cities of Indiana which wish to erect something that would honor the memory of the soldier men that left from their respective communities.

At a mass meeting held here this spring it was decided that a memorial of some kind should be erected for the Shelby county soldiers. A community building seemed to meet with the greatest favor among citizens of Shelby county the majority of whom expressed themselves as willing to support a movement of this kind.

Other towns of the state are now working out the details for their memorial buildings. The Indiana Construction Recorder in its latest issue published several plans of different towns of the state in regard to a memorial building. The details of such a building should arouse greater interest in the erection of one here, as different facilities afforded by such buildings which are planned for construction are badly needed in this city.

Gary, Evansville, Ft. Wayne, Rochester, Princeton, Greenfield and Greencastle are mentioned as towns which are seriously considering the erection of community buildings. The majority of these towns are not so large as Shelbyville and could not as readily erect a community building as this city.

### CAMP ROOSEVELT OPENED FOR BOYS

More Than 1500 Boys From All Parts of Country Enrolled For Summer Term

**COSTS A DOLLAR A DAY**

Is The First of Its Kind in U. S.— They Receive Military and Physical Training

Muskegon, Michigan, July 30.—More than fifteen hundred boys from all parts of the country are enrolled at Camp Roosevelt, the military-physical training encampment on Lake Michigan near this city. The first two weeks' period of training has conclusively demonstrated the practical nature of the plan of training for the boys who slumbered into camp a fortnight ago have been transformed into well drilled,

well disciplined boys with the snap, military appearance of overseas veterans. In addition to their military training, the boys have also received a thorough course in physical training and some two hundred have also been busily engaged in high school subjects at the summer school which is being conducted in connection with the camp.

Camp Roosevelt is the first camp of its kind in America. It was established by the Chicago Board of Education, with the sanction and approval of the war department, as a field training point for the boys who are taking military work as a part of their high school course. The outside demand was so great, however, that the original plan was broadened, making Camp Roosevelt an all-American establishment.

The Camp Roosevelt boys are kept busy from reveille to taps with a program which is a happy combination of military drill, physical exercise and recreative pastimes. Strict military discipline prevails and every minute of each boy's time is fully accounted for. There is no

truancy.

Captain F. L. Beals, commanding officer in the military department of the Chicago schools, is commandant of the camp and he has as assistants some fifty officers, physical director and high school instructors. Under this organization, the camp runs with the smoothness of a regular army establishment.

The health of the cadets at Camp Roosevelt is fully safeguarded and no accidents have occurred during the program of the camp, thus far.

Camp Roosevelt is not a profit-making institution. Each cadet pays \$1.00 per day for military and physical instruction, housing equipment and board. The deficit in the cost is being made up by a committee of patriotic Chicago citizens who are interested in military training for boys during the school years.

The second two weeks' period of the camp is just now beginning and new cadets are being enrolled. Executive headquarters at 21 N. La Salle street report that the outside enrollment is constantly increasing. The camp will continue until Sep-

tember 1 and cadets can enter at any time for a stay of two weeks or longer.

**CITY PROPERTY SELLS FAST**

Three More Pieces Disposed of in Last Few Days

Sales of city property continue to take place, more transactions having been made in the last few months than ever in the history of Rushville.

Wilbur Mahin has bought the Dr. H. V. Logan property in North Jackson street and will move there. Maury Behout, who now lives in West Seventh street, has bought the old Wilson property, belonging to Mrs. Ora Wilson of Lexington, Ky., formerly of this city. It is located at the corner of Main and Ninth streets. Mart Beaver has bought the residence of Mary Gray at the corner of Main and Eleventh streets. None of the considerations was made public.

### JAPAN TO SEND U. S. FILMS

Does Not Believe Americans Gaze Upon the Real Thing in Picture

(By United Press.)

Tokyo, (By Mail).—Enter the exchange movie film in the list of "exchanges" for the promotion of international good feeling, along with exchange professors and exchange students. Many of the Japanese believe that movie fans in America are not fairly treated in the way of pictures of Japan, and a plan has been adopted to see that Americans are given opportunities to gaze upon the real thing in pictures of the Flowery Kingdom.

According to Tatsuo Hoshino of the Imperial Education Society, the departments of Education and of Agriculture and Commerce will now attend to the making of the films and exchanging them for the genuine American product selected from catalogs of hundreds of titles.

**WANT ADS BRING RESULTS**

### TO SMOKE OR NOT SMOKE

London, (By Mail).—Whether ministers should smoke is arousing discussion among clergymen as a result of a question asked at a recent convention of Methodist ministers as to whether it is Christian-like for ministers to smoke.

"It all depends on what you smoke," said one minister. "I smoke a cigar to the glory of God."

Rev. F. C. Spurr, Regent's Park Methodist church, confessed he smoked a pipe in his study, but didn't think it wise for ministers to smoke in public.

Another favors it for the reason that a good smoke helps to get a man's soul.

"Personally I haven't smoked a dozen cigarettes in my life," said Dr. F. B. Meyer, "and that was in Turkey where it would have been an act of great discourtesy not to smoke with your host. But I don't object to smoking if by so doing a minister can get nearer to a man's soul?"

# Enjoy a Day at Magnesia Springs

All Republicans of Rush county and their families, have an urgent invitation to attend the mid-summer meeting of the Indiana Republican Editorial Association at Magnesia Springs

**Friday, August 1**

**WILL H. HAYS, Republican National Chairman**

and other prominent republicans of Indiana will be provided and the amusements of Springs may be enjoyed. Those who do not motor may go to Connersville on the I. & C. traction line and from there on a special train which leaves for Brookville at 11:00 a. m. A fried chicken dinner, followed by plenty of good republican speeches, are on the menu.
